ROLL CALL

Associate Commissioner Tom Robinson called roll. Absent Paul Pitton and John Haefeli.

1.0 APPROVAL OF MINUTES

1.1 Approval of Legislative Council Minutes of May 29, 2020

Motion was made by Greg Jones, seconded by Mike Prusinowski. Motion passed.

2.0 REPORTS

2.1 President's Update

President Troy Baker welcomed all and shared his thoughts on the past 14 months. He spoke about the challenges everyone faced and asked everyone to live their purpose.

2.2 Commissioner's Update

Commissioner Blanford Green thanked Brad Cochi for his hard work creating polls and disseminating information to the membership for this meeting. She shared her thoughts and take-aways from the past year. She thanked the Board of Directors, CHSAA staff, administrators from across the state, officials, volunteers, which allowed us to reach our goal of resuming activities and athletics for kids across the state.

2.3 Legal Update

Alex Halpern, CHSAA Legal Counsel, updated the membership on the Harris legal case.

2.4 Treasurer's Update

a. Preliminary Budget Report

Commissioner Blanford Green spoke about the challenges of COVID-19, with Executive and public health orders that limited capacity with spectators and ticket sales. The 2021-2022 has been designated as the Financial Recovery Rebound Year to adjust net financial impacts, revenue losses, increases and adjustments. Sarah Vernon-Brunner shared the proposed budget for the 2021-2022 fiscal year.

Motion made by President Troy Baker, seconded by LeRoy Lopez. Motion passed to approve the proposed budget for 2021-2022 with final approval by the Board in August.

b. rSchool Today Digital Platform

Assistant Commissioner Bethany Brookens updated the membership on the rSchool platform. She answered questions that the membership had regarding upcoming launch dates.

3.0 ACTION ITEMS – Proposed Amendments to the Constitution and Bylaws

Parliamentarian Bert Borgmann explained the processes, voting procedures and directions of the Legislative Council.

3.1 Constitutional Proposals

CON 1 - Board of Director Membership

The motion seconded by Robert Bentley. No discussion. 70 people voted, 62 in favor and 8 opposed. Motion passed.

CON 2 - Board of Directors Presidency Succession

The motion seconded by Gregg Hawkins. No discussion. 70 people voted, 87% in favor, 11% opposed and 1% abstained. Motion passed.

CON 3 - Board of Directors Communication

The motion seconded by Scott Manchester. 70 people voted, 99% in favor, 1% opposed. Motion passed.

3.2 Administrative Proposals

ADM 1 - Restricted Varsity Eligibility

The motion seconded by LeRoy Lopez. No discussion. 71 people voted, 96% in favor, 4% opposed. Motion passed.

ADM 2 - Officials' Pay During Scrimmages

The motion seconded by Jason Wilkins. Michael Hawkes offered clarification of the amendment. Officials may be paid but not required, giving schools the choice. Larry Bull spoke about equity issues as some schools can afford to pay while others may not, which may have officials taking jobs which they will get paid for over jobs not receiving payment. Paul Cain shared that the TP & F report states that Officials "shall be paid". Michael Hawkes clarified that the TP & F report will be updated with the word "may" instead of "shall"

70 people voted, 97% in favor, 3% opposed. Motion passed.

ADM 3 Additional Foundation Game

The motion seconded by Michael Dischner. Steve Shelton spoke about creating flexibility in this area as Boulder schools are not allowed to participate in Foundation Games due to equity and Title IX issues. He feels that the verbiage (adding "scrimmage") should be changed to allow flexibility. Parliamentarian Borgmann clarified that the proposal must be voted upon in the manner in which it was written. Commissioner Blanford Green spoke on equity and flexibility within leagues and school districts and the foundation games can be distributed across all sports.

72 people voted, 74% in favor, 25% opposed and 1% abstained. Motion passed.

3.3 Athletic Proposals

None at this time

3.4 Activity Proposals

ACT 1 - Sanctioning of Esports

Motion seconded by Robert Bentley. No discussion. 72 people voted, 97% in favor, 3% opposed. Motion passed.

ACT 2 Speech & Debate Clarification

Motion seconded by Craig Bailey. No discussion. 100% in favor. Motion passed.

3.5 Policy Proposals

None at this time

4.0 ACTION ITEMS – Committee Reports

4.1 Administrative Committee Reports

CR 1 – Budget Report

Committee Chair Jim Thyfault presented the committee's report and the major changes. Seconded by Gregg Jones. No discussion. 73 people voted, 96% in favor, 4% opposed. Motion passed and report approved.

CR 2 – CLOC

Committee Chair Randy Holmen thanked the Committee for their hard work. He reviewed that the CLOC based their decisions on the enrollment numbers from 2019 and the process that the CLOC uses for classification and major changes. He welcomed the new schools: STEM Highlands Ranch, Vanguard Classical and Windsor Charter. He provided clarification on the addition of the speech classifications that were missed in the original report for three classifications of speech. He recognized the retiring committee members.

Motion seconded by Robert Framel. Discussion began by Ernie Derrera regarding Amendment 2f Longs Peak regarding removing the 8th classification of football from the committee report and remaining status quo. A "yes" vote would move the classification forward as written. Parliamentarian Borgmann clarified Mr. Derrera's request to vote upon Amendment 2f first as the result of this vote may make the other amendments null and void. Mr. Derrera made the motion, seconded by LeRoy Lopez. Jim Flanigan asked for further clarification.

The vote was taken on Amendment 2f with 71 people voting, 61% in favor, 39% opposed. The football classification remains the same, seven classifications, and nullifies Amendments 2a, 2b, 2d and 2g.

Paul Cain was recognized from the floor and would like to make an amendment by removing Amendment 2c and seconded by LeRoy Lopez. Parliamentarian Borgmann clarified that as

this amendment came from the floor it will need a 2/3 majority vote to pass. He clarified that if this amendment passes we will remain at a five classification basketball system. Paul Cain requested a roll call vote. Commissioner Blanford Green shared that the Commissioners have the information on cut off points for classification and will send out if this amendment is passed, based upon 2019 enrollment numbers. Legislative Council had further discussions.

A virtual roll call vote was taken. The motion is to strike the 6th classification of basketball in Amendment 2c, remaining with five classifications of basketball. A “Yes” vote means that we remain at five classifications of basketball.

Vote result: 62% (45) Yes, 38% (28) No. The six classifications of basketball will remain in letter “C” of the Committee Report. It would have needed 49 “yes” to pass.

CR 2c – St. Mary’s – 3A Classification – Girls’ Basketball

Andy Parks seconded the motion. No discussion. Randy Holmen, CLOC Chair, stated that St. Mary’s did not follow the appropriate procedure in asking for the Appeal during CLOC Appeals Committee meeting. Parliamentarian Bert Borgmann stated that since they did not go through the correct procedures, this amendment would need a 2/3 vote to pass.

No further discussion. Vote taken: 73 voted. 52 No, 8 Yes and 13 Abstained. Motion failed.

CR 2e – Highlands Ranch – Basketball Classification

Mike Hughes seconded. Randy Holmen clarified that Highlands Ranch did come to the

CLOC Appeal Committee meeting. No discussion.

Derek Chaney recognized Darren Withey, Principal of Highlands Ranch. Mr. Withey spoke about geographical location and issues that Highlands Ranch High School is addressing.

Vote taken: 73 voted: 86% No, 1% Yes and 12% abstained. Amendment failed.

Parliamentarian Bert Borgmann clarified what it means to approve an amended CLOC Committee report. The CLOC Committee report is submitted as recommendations to the Membership as a whole. The amendments that have come in and have been approved are now a part of that particular CLOC Committee Report. There is only one amendment approved, and that was the removal of 6A Football Classification from the report. He summarized that the final vote will be taken with the approved amendments, excluding the 6A football classification which was removed from the report.

Commissioner Blanford Green shared insights and conversations regarding 6A basketball and rural schools. It is important through Committee work that we continue to address geographical differences, transportation, reduction of enrollments and access to resources.

The vote to approve the CLOC Committee Report as amended was taken with 51 Yes, 21 No 1 abstained. Motion passed.

CR 3 – Coaching Education Registration Advisory (CERAC)

Chair Jesse Shawcroft thanked the committee and Assistant Commissioner Adam Bright for their work and moved to adopt the committee report as there were no major changes. LeRoy Lopez seconded. No discussion. Vote taken, with 72 people voting. 100% in favor. Motion passed.

CR 4 – Equity

Chair Derek Cheney thanked Assistant Commissioner Bethany Brookens for her leadership and the committee for their work. No major changes this year and moved to adopt the Equity report as submitted. Motion was seconded by a legislative council member but wasn't noted out loud. No discussion and the vote was taken with 72 people voting. 100% in favor. Motion passed.

CR 5 – Officials' Fees

Chair Mike Book thanked everyone and Associate Commissioner Tom Robinson for their hard work. He shared that there were no major changes and made the motion to adopt the Officials' Fees report as submitted. Gary Page seconded the motion. No discussion. Vote taken. 73 voted with 99% in favor, 1% opposed. Motion passed.

CR 6 – Sportsmanship

Chair Harrison Chisum thanked the committee for their work. No major changes made. He moved for the adoption of the Sportsmanship Committee Report and was seconded by Cori Kassib. No discussion. Vote taken with 73 voting. 100% in favor. Motion passed.

CR 7 – Sports Medicine Advisory Committee (SMAC)

Chair Larry Bull thanked the committee members, doctors that volunteered their time and Assistant Commissioner Jenn Roberts Uhlig and her assistant Lane Ververs for their work. No major changes but stressed the importance of having AED's available at all locations. Seconded by Legislative Council member. Vote taken, 72 people with 99% in favor, 1% opposed. Motion passed.

CR 8 – Tournament & Playoff Finance

David Walck, TP & F Committee Chair, thanked the committee, Sarah Vernon-Brunner, Assistant Commissioner Adam Bright and Sam Rogers. Reviewed major changes. He moved to adopt the report, seconded by Jim Roedel. Vote taken with 72 people voting. 100% in favor. Motion passed.

4.2 Activity Committee Reports

CR 9 – Music

Assistant Commissioner Bethany Brookens presented the Music Committee report. No major changes. She made the motion to adopt the Music Committee report and was seconded by Greg Hawkins. No discussion. Vote taken with 69 people voting. 100% in favor. Motion passed.

CR 10 – Speech

Chairman Christine Jones thanked the committee, Assistant Commissioner Bethany Brookens and Sandra Williamson. She reviewed the major changes and made the motion to adopt the Speech Committee Report. It was seconded by Greg Hawkins. No discussion. Vote taken with 71 people voting. 100% in favor. Motion passed.

CR 11 – Student Leadership

Assistant Commissioner Justin Saylor shared the Student Leadership Committee report. He thanked the committee, chair Rashaan Davis and his assistant Whitney Cave. No major changes. He moved for the adoption of the committee report. Seconded by Chris Medina. Vote taken with 70 people voting. 100% in favor. Motion passed.

4.3 Athletic Committee Reports

CR 12 – Baseball

David Schuessler thanked the committee for their work and Bert Borgmann for his many years of service. No major changes. He made the motion to adopt the Baseball Committee Report, seconded by Cori Kassib. No discussion. The vote taken with 67 people voting. 100% in favor. Motion passed.

CR 13 – Basketball

Bert Borgmann presented the report for the Basketball Committee. He thanked the committee and Chair Sean O'Donnell. He made the motion to adopt the Basketball Committee Report, seconded by Will Temby. Discussion followed regarding seating criteria and MaxPreps. The vote was taken with 71 people voting. 100% in favor. Motion passed.

CR 14 – Cross Country

Richie Madrid thanked the committee, Assistant Commissioner Jenn Roberts-Uhlig and Lane Ververs. No major changes. He moved for the adoption of the Cross Country Report, seconded by Mike Prusinowski. No discussion. Vote was taken with 68 people voting. 100% in favor. Motion passed.

CR 15 – Field Hockey

Assistant Commissioner Justin Saylor presented the Field Hockey Report. No major changes. He moved to adopt the report as submitted, seconded by Cori Kassib. Vote taken with 71 people voting. 97% in favor and 3% abstained. Motion passed.

CR 16 – Football

Chris Noll thanked Assistant Commissioner Adam Bright, Sam Rogers and the committee. He reviewed the major changes. He thanked Friends of Football.

He moved to adopt the Football Committee Report with a second from Greg Jones. Parliamentarian Bert Borgmann spoke that the 24-teams qualifying format was an increase from previous years, and per bylaw, needed approval by the Board of Directors prior to being forwarded to the Legislative Council. The Board of Directors approved to bring to the Legislative Council body.

CR 16a – Football – Longs Peak

Ernie Derrera was recognized to speak on Amendment 16a. He confirmed with the Parliamentarian that item C in the major changes had been removed from the Football Report during the CLOC report. He presented the Longs Peak amendment, striking item D from the Football Committee Report, thus eliminating the 24 team brackets for football playoffs, returning to 16 team brackets. The amendment was seconded by Jeremy McCormack. Chris Noll clarified the reasoning behind item D in the report.

President Baker recognized Jason Wilkins. Jason asked for clarification regarding number and when this would be put in place. It was confirmed that it would begin in 2022-2023. Jason spoke about his concerns that most 5A schools would not approve of the changes in D. Jim Flanigan was recognized and asked about not having 6A football and if this change (D) is still needed as 6A football wasn't passed. Ernie Derrera explained the reasoning behind this and that it is still pertinent even with 6A being voted down.

Chris Noll explained that because they were shrinking the classes in the proposal it made sense to reduce the number of the brackets. Larry Bull was recognized and spoke about the possibility of this being voted upon by classification. Can this be amended to leave 5A as is, thus striking D from the Football Committee Report. Bert Borgmann reminded the Council that the Amendment needed to be voted upon or pulled from the Committee Report.

Mike Hughes spoke to clarify that the amendment is targeted for 1A-3A where travel may be a component. Mike Miller, High Plains League, 6-Man Association President. This amendment is looked at differently by each classification. If this

fails, could this be re-looked at by the Football Committee by classification and still be put in place for the 2022-2023. This was confirmed.

Steve McCracken spoke about 6-man and the 24-team bracket. He moved to amend the Amendment by striking 6-man from the 24-team playoff bracket. This will require a 2/3 vote as this came from the floor. Jason Wilkins seconded. Further discussion on what will be amended and the procedure involved. Mike Hughes asked Longs Peak to pull this amendment which then can be reviewed by the football committee in December. Joe Brown spoke about the purpose of the Amendment and that it was to only affect 6-man, 8-man, 1A-3A.

Steve McCracken withdrew the motion to amend the amendment and encouraged the Football Committee to review the number of playoff teams for the next cycle. Jason Wilkins removed his second. As Jeremy McCormack seconded the original Amendment, he then withdrew his second.

Additional clarification about the Amendment and next steps. Ernie Derrera asked for a caucus to review the Amendment with his league.

Commissioner Blanford Green recommended that Assistant Commissioner Adam Bright and Committee Chair Chris Noll, revise the report with league changes for approval by the Legislative Council for the 2022-2024 cycle.

Ernie shared that the Longs Peak will pull this amendment and let the Football Committee review.

Greg Hawkins was recognized and the Western Slope League proposed deleting items D, E, F & G from the Football Committee report. This was seconded by Larry Bull. Vote was taken, with 68 people voting, 91% in favor, 9% opposed. Motion passed. Items D, E, F & G have been removed from the Committee Report.

Assistant Commissioner Adam Bright reviewed Summer Camp criteria/update after the pandemic year.

The vote to approve the Football Committee report as amended was taken, with 67 people voting. 100% in favor. Motion passed.

CR 17 – Golf

Chad Eisentrager thanked the Committee and highlighted the major changes. He made the motion to adopt the Golf Committee Report and it was seconded by Cori Kassib. No discussion. Vote taken, with 66 people voting. 100% in favor. Motion passed.

CR 18 – Gymnastics

Lisa Sparrow thanked the Gymnastics Committee and CHSAA staff for their work. She made the motion to adopt the Gymnastics Committee report, seconded by Craig Denney. No discussion. Vote taken, with 62 people voting. 100% in favor. Motion passed.

CR 19 – Ice Hockey

Larry Bull thanked the committee for their work. He moved for the adoption of the Ice Hockey report, seconded by Craig Denney. No discussion. Vote taken, with 67 people voting. 97% in favor and 3% abstained. Motion passed.

CR 20 – Boys' Lacrosse

Mike Jacobsma thanked the committee for their work. He made the motion to adopt the Boys' Lacrosse Report, seconded by Cori Kassib. No discussion. Vote taken, with 64 people voting. 100% in favor. Motion passed.

CR 23 – Soccer

Dan Knab thanked the Soccer Committee and Assistant Commissioner Justin Saylor and his assistant Whitney Cave. He made the motion to adopt the Soccer Committee Report, seconded by Cori Kassib. No discussion. The vote was taken, with 66 people voting. 100% in favor. Motion passed.

CR 24 – Softball

Bert Borgmann presented the Softball Committee Report. He thanked Laikyn Cooper for her hard work with the committee. He reviewed the major changes and made the motion to adopt the Softball Committee Report. Seconded by Andy Parks. No discussion. Vote was taken, with 60 people voting. 100% in favor, motion passed.

CR 25 – Spirit

Assistant Commissioner Jenn Roberts-Uhlig presented the Spirit report and shared concerns of lower participation in certain genres or divisions of Spirit. The Committee will be collecting data this year to better understand participation. She made the motion to adopt the Spirit Committee Report, seconded by Gary Page. No discussion. The vote was taken, with 65 people voting. 100% in favor, motion passed.

CR 26 – Swimming and Diving

Assistant Commissioner Justin Saylor presented the Swimming and Diving Report. He thanked the committee for their work. He made the motion to adopt the Swimming and Diving Report, seconded by Gary Page. No discussion. Vote taken, with 67 people voting. 98% in favor, 2% abstained. Motion passed.

CR 27 – Tennis

Kris Roberts presented the Tennis report with no major changes. He made the motion to adopt the Tennis Committee Report, seconded by Cori Kassib. The vote was taken with 69 people voting. 99% in favor, 1% abstained. Motion passed.

CR 28 – Track & Field

Christina Miner thanked the committee for their work and shared that the State event will be held June 24-26, at the Jefferson County Stadium. She made the motion to adopt the Track and Field Committee Report, seconded by Craig Bailey. No discussion. The vote was taken, with 66 people voting. 100% in favor. Motion passed.

CR 29 – Unified Bowling

Chris Enzminger shared that this is the first Unified Bowling Report and thanked the committee, Assistant Commissioner Jenn Roberts-Uhlig and Lane Ververs for their work. Wanted to especially thank Chaka Sutton with the Colorado Special Olympics for helping launch this sport. He made the motion to adopt the Unified Bowling Report, seconded by Gary Page. Vote was taken, with 70 people voting. 100% in favor and motion passed.

CR 30 – Volleyball

Chair Matt Heckel thanked Assistant Commissioner Bethany Brookens and the committee for their work. He reviewed the two major changes in the report. Item A to utilize multiple factors for playoff selection and item B which reduces the number of teams advancing to Regionals due to a decrease in schools offering programs. He moved to adopt the Volleyball report, seconded by Craig Denney.

Paul Cain was recognized and asked to amend the report by striking “A” to align with other sports’ post season selection process. Seconded by Greg Jones. Assistant Commissioner Bethany Brookens explained that the current change submitted in the report goes against Board policy and encouraged the Legislative Council to amend this report. The vote was taken to strike A from the committee report with 70 people voting, 93% in favor and 7% opposed. Motion passes and report has been amended. The vote to approve the committee report as amended was taken with 68 people voting, 100% in favor. Motion passed.

CR 31 – Wrestling

Travis Stinar thanked Sam Rogers, Assistant Commissioner Adam Bright and the committee and reviewed the major changes. He made the motion to adopt the Wrestling Committee Report as submitted by the Wrestling Committee. Seconded by Rodney Padilla. No further discussion, vote taken with 67 people voting. 98% were in favor and 2% abstained. Motion passed.

5.0 BOARD OF DIRECTORS

Constitutional Amendment Proposals

**CONSTITUTIONAL PROPOSAL
(Requires 2/3 vote for approval)**

CON 1 – TWO LEGISLATIVE COUNCIL MEETINGS

(BOARD OF DIRECTORS)

AMEND THE CONSTITUTION AND BYLAWS to read:

Page 25

Amend Bylaw 800.2 - Clarify 800.2 by adding:

Yes

No

800. ORGANIZATION - LEGISLATIVE COUNCIL

Note - If passed, bylaws indicating only one Legislative Council will need to be clerically updated to reflect two (ex 1200, 1400, etc.).

800.2 MEETINGS - The Legislative Council shall meet one time a year to approve all Bylaw, Rules, Committee and Budget Reports except as set otherwise by the Board of Directors.

Exception:

The Legislative Council shall also meet each January (even year) to consider and vote on league and classification revisions as recommended and approved by the Classifications Appeals and League Organizing Committee (CLOC).

Rationale:

The exception will allow schools/programs that have successfully appealed their prior classification and league placements to begin scheduling and planning prior to the start of the next two-year cycle. The elected representatives of the LC will participate in a majoritarian vote which may revise their previously approved report.

Pros:

Allows schools/leagues to receive a final decision on their placement for the next cycle CLOC Committee meeting will move to November (even years) for appeals. This will allow for the organization and membership communication of the CLOC report prior to the CHSAA Round-Table/Legislative Council meeting. Provides transparency and accountability with the membership on potential changes not previously approved by the Legislative Council in the preceding year. Aligns with equitable review, out-reach and discussion to include votes solely on changes to league/classification placements.

Cons:

Approved changes could disrupt the current formation of leagues/contracts/schedules.

Financial Impact:

None if held virtually

CONSTITUTIONAL PROPOSAL

(Requires 2/3 vote for approval)

CON 2 - Two Meetings of the Legislative Council (4A/5A JeffCo League 2A Mile High League)

AMEND THE CHSAA CONSTITUTION AND BYLAWS to read:

Amend the CHSAA Constitution and Bylaws, 800.2 to read by deleting and replacing the following language:

ORGANIZATION – LEGISLATIVE COUNCIL

800.2 MEETINGS – ~~The Legislative Council shall meet one time a year except as set otherwise by the Board of Directors.~~ **The Legislative Council shall meet in regular session two times each school year. The meetings shall be held in winter and spring, except as set otherwise by the Board of Directors.**

Rationale:

Provides an additional layer of communication and transparency for the membership by facilitating additional conversation around potential changes to our memberships bylaws.

Pros:

Allows for the correction of any unforeseen and/or unintended consequences of bylaws that passed at the first Legislative Council Meeting. The more opportunities the Membership has to discuss/debate/vote on issues, the better our collective understanding of the impact our bylaws will have. Adds an additional layer of checks and balances.

Cons:

None.

Financial Impact:

Approximately \$30,000 for hotel accommodations, meals, mileage if held in-person

CONSTITUTIONAL PROPOSAL
(Requires 2/3 vote for approval)

CON 3 - Rural Alliance – Legislative Council Member

(LPAA, YWKC, North Central)

AMEND THE CHSAA CONSTITUTION AND BYLAWS to read:

Amend the CHSAA Constitution and Bylaws, 800.3 to read by deleting and replacing the following language:

yes no

Page 26

800. ORGANIZATION – LEGISLATIVE COUNCIL

- 800.3 MEMBERSHIP — Each primary league recognized by the Legislative Council shall be entitled to one representative to the Legislative Council.
- 800.31 Each primary league with 10 to 19 schools shall be entitled to an additional representative.
- 800.32 Each primary league with a total student enrollment of 10,000 students (based on actual enrollment) shall be entitled to a total of three Legislative Council representatives.
- 800.33 Each primary league with 20 or more schools shall be entitled to a total of four representatives.
- 800.34 The superintendents of the state, through the Colorado Association of School Executives CASSA/CHSAA Superintendents' Council, shall elect three representatives to the Legislative Council. One of those representatives must be a 4A/5A representative.
- 800.35 The school boards of the state, through the Colorado Association of School Boards, shall elect five representatives (one from each of the five geographic areas – North, South, East, West, and Metro Denver, based on CASB regions) to the Legislative Council.
- 800.36 The Colorado Athletics Directors Association shall elect three representatives to the CHSAA Legislative Council. The representatives shall be elected board members of the CADA.
- 800.37 The Rural Alliance shall elect two representatives to the CHSAA Legislative Council.**

Rationale:

We think the Rural Alliance should have representation on the Legislative Council.

Pros:

None

Cons:

None

Financial Impact:

Hotel accommodations, meals, mileage if held in-person.

CONSTITUTIONAL PROPOSAL
(Requires 2/3 vote for approval)

CON 4 – Rural Alliance – Board of Directors Position

(LPAA, YWKC, North Central)

AMEND THE CHSAA CONSTITUTION AND BYLAWS to read:28

Amend the CHSAA Constitution and Bylaws, 810.11 to read by deleting and replacing the following language:

Page 28

yes no

810. BOARD OF DIRECTORS

810.11 The Committee shall consist of the CHSAA Commissioner (as a non-voting member), the State Commissioner of Education or his/her/their appointee, the President of the Colorado Association of School Boards or his/her/their appointee, **the President of the Rural Alliance or his/her/their appointee,** a current elected member of the Colorado State Legislature appointed by the CHSAA Board of Directors, two (one principal, one superintendent) representatives of the Colorado Association of School Executives (CASE), the President and a member from each of the districts as established in 810.44 of this section. The President, during the final year of his/her/their term when his/her/their district is represented by a second Board of Directors member, shall vote only to break a tie of the committee.

Rationale:

We think the Rural Alliance should have CHSAA Board Representation, CHSAA Legislative Council Representation and CHSAA Board Advisory Committee Representation. In accord with CDE 83% of school districts in the state of Colorado are classified as rural. With such a large number of the districts in Colorado recognized as rural the Colorado Rural Alliance was created as an entity of rural school district striving to increase opportunities for rural students. Colorado Rural Alliance is an association that serves the 151 rural communities recognized by the state of Colorado much like the Colorado Association of School Boards (CASB) and Colorado Association of School Executives (CASE) does for its members. As both CASB and CASE have representatives on the board, it is the belief of the Lower Platte Athletic Association that Rural Alliance have representation on the CHSAA Board and the Executive Director of the Rural Alliance should hold a position as an advisory member role in the same manner as CASE and CASB Executive Directors.

Pros:

Ensure that a rural superintendent voice is always heard on important issues that impact activities across the state.

Cons:

None

Financial Impact:

Hotel accommodations, meals, mileage if held in-person.

CONSTITUTIONAL PROPOSAL

810.

BOARD OF DIRECTORS

810.12 The Board of Directors may approve advisory members to the Board of Directors along with members of the CHSAA administrative staff.

(a) Advisory members shall have all the rights and privileges of full members, including holding an office (except the administrative staff). Advisory members may not vote **and will include: CDE Commissioner (Katy Athes), CASB Executive Director (Cheri Wrench), CASE Executive Director (Bret Miles) and Rural Alliance Executive Director (Michelle Murphy).**

Rationale:

We think the Rural Alliance should have CHSAA Board Representation, CHSAA Legislative Council Representation and CHSAA Board Advisory Committee Representation. In accord with CDE 83% of school districts in the state of Colorado are classified as rural. With such a large number of the districts in Colorado recognized as rural the Colorado Rural Alliance was created as an entity of rural school district striving to increase opportunities for rural students. COMMITTEES

1000.2 ELIGIBLE MEMBERS – No more than 25% of a sports committee may be made up of coaches and the committee chairperson may not be a coach. The remainder of the committee shall be made up of any of the following: superintendents, district athletic directors, principals, athletic directors, activities directors, or other designated administrative personnel, including members of Boards of Education and members of private school governing boards. This restriction is not applied to CHSAA administrative and non-athletic activities committees.

1000.21 The Colorado High School Coaches Association (CHSCA) President will communicate and appoint one voting representative outside of the 25% of sports recognized sports by CHSCA. The representative will serve one term not to exceed three years.

Rationale:

Special Interest Groups as an arm of a state-wide organization impact greater at the committee level with appointed representation.

Pros:

CHSCA is a state-wide, coach advocacy association serving the entire state.

Organization would be recognized as a state-wide representative on sport committees.

A CHSCA voting representative has a broader voice for the sport through their elective process.

Cons:

Additional voting member.

Financial Impact:

Minimal if in-person meeting.

ADM 1 – SENIOR STUDENTS ENROLLED IN COLLEGE COURSES

(BOARD OF DIRECTORS)

AMEND THE CONSTITUTION AND BYLAWS to read:

Page 46

Amend Bylaw 1710 - Update Exception under (c) PLAN A

Yes

No

1710 GENERAL ELIGIBILITY REQUIREMENTS

EXCEPTION - Students who are seniors in their second semester, and are enrolled full time in ~~at least 4~~ ³ college credit approved academic courses, and who do not need additional courses to graduate will be considered full time students and will not need to enroll in additional elective credits to be eligible for participation during that semester.

Rationale:

This doesn't come up often, but the calls that come in usually involve students that a school would consider a full-time student despite not being enrolled in four 3 college credit approved courses or maybe they have three courses and a lab and the CHSAA office has to make an interpretation that may not be in line with the current wording of the bylaw. This gives local decisions back to schools in situations where honestly the academic eligibility of students who have completed their required credits early and are enrolled in college courses should not be in dispute if a school considers them to be full time.

Pros:

Allows schools/districts to determine full-time students in cases where they are enrolled in only college credit courses

Cons:

Some districts may have different standards, but again we're talking about second semester seniors who were diligent enough to not need additional high school credits.

Financial Impact:

None.

ADM 2 – COACH / SPONSOR REGISTRATION

(BOARD OF DIRECTORS)

AMEND THE CONSTITUTION AND BYLAWS to read:

Page 42

Amend Bylaw 1620 & 1650 - Clarify 1620 and 1650 by deleting and adding:

Yes

No

**1620. REGISTRATION/REQUIREMENTS OF COACHES & SPONSORS
OF INTERSCHOLASTIC ACTIVITIES AND ATHLETICS**

- 1620.1 Each year, by the coach's first official practice (first official contact the coach has with student-participants during the official CHSAA season) competitive date of each sports season, all member school athletic/activity directors must enter all of their athletic coaches and activity sponsors (music, speech, student leadership, etc.), regardless of level, rank, or pay, into the CHSAA Database. All first-year athletic coaches and activity sponsors, regardless of level, rank, or pay, must complete the CHSAA 1st Year Coaches Course.
- 1620.2 ~~CDE-licensed teacher who has coached a CHSAA-sanctioned activity at a member school in the last 3 years. These coaches do not have to take the 1st Year Coaches Course.~~
- ~~1) Coaches who have coached a CHSAA-sanctioned activity at a member school in the last three years but are neither CDE-licensed nor a CHSAA-certified coach. These coaches are required to complete the 1st Year Coaches Course.~~
 - ~~2) Coaches who have not coached a CHSAA-sanctioned activity at a member school anytime within the last three years, regardless of CDE licensure or not. These coaches are required to complete the 1st Year Coaches Course.~~

1650. COACHES REQUIRED TO ATTEND RULES MEETINGS

1650.1 All ~~varsity head~~ coaches shall participate ~~attend~~ annually in a CHSAA approved rules clinic in their sport prior to the start of the first interscholastic practice ~~contest~~.

Penalty: Coach placed on probation for first offense; restriction for subsequent offenses.

Rationale:

For safety and liability, it's best that your coaches have completed the CHSAA registration process prior to having contact with your students. If you hire a coach in the middle of the season, this bylaw will still work - it simply states that before they have contact with your students, they need to complete the requirements.

Pros:

Ensures that your coaches have completed their mandatory CHSAA requirements prior to contact.

Cons:

May be quicker than some schools currently require.

Financial Impact:

None.

WINTER & SPRING REGAIN DATES

The regain day is the Monday of the designated weeks:

Winter Week 20

Spring Week 36

EXCEPTION: Winter sport athletes who did not meet the eligibility requirements at the start of the first semester and did not participate in a fall sport shall use the Monday of Week 20 (first day of winter practice) to determine if eligibility is regained.

Rationale:

Adjust Fall Regain Dates so that the percent of weeks align from sport-to-sport.

Pros:

Percent of weeks a student must sit for each fall sport now align more equally.

Cons:

None

Financial Impact:

None.

ADMINISTRATIVE PROPOSAL

ADM 5 - Transfer – 50% of Sport Season

(Denver, Foothills)

AMEND THE CHSAA CONSTITUTION AND BYLAWS to read:

Amend the CHSAA Constitution and Bylaws, 1800.1 to read by deleting and replacing the following language:

Page 60

yes no

1800.	TRANSFER
--------------	-----------------

1800.1 A student who establishes his/her/their high school eligibility at any high school and subsequently transfers, will be ineligible for varsity competition ~~for 365 days from the date of their transfer,~~ **for the first 50% of the sport season**, in the ~~any~~ sports they participated in a practice, contest, scrimmage or foundation game during the last 365 days.

NOTE: A school in this instance refers to a home school, charter school, online school or in-seat instruction.

Rationale:

Allowing students who transfer the ability to participate in 50% of their varsity sports season supports goals of school choice and engagement, providing an opportunity for students to establish themselves as a positive part of their new school's culture.

Pros:

- * Provides a compromise in terms of participation for students who transfer during their high school career.
- * It supports school choice
- * Provides equity for students across economic situations.
- * Supports students who may not have a choice in changing their school, but who do not meet hardship standards.

Cons:

- * Is not as strong as a deterrent for transfers as current 100%.
- * Current language is fairly new and impacts may not be fully understood at this time.
- * Transfers could impact students already established in a program.

Financial Impact:

None.

ADMINISTRATIVE PROPOSAL

ADM 6 - Transfer – Athletic Motivated – Burden of Proof

(BOARD OF DIRECTORS)

AMEND THE CHSAA CONSTITUTION AND BYLAWS to read:

Amend Bylaw 1800.3, clarify 1800.3 (c) by deleting current language and replacing it with the following:

Page 60

_____ yes _____ no

1800.	TRANSFER
--------------	-----------------

~~Under no circumstances may a school transfer that is motivated by athletic considerations be considered a bona fide family move. The student shall have the burden to prove by clear and convincing evidence that athletic participation at the new school was no more than an incidental consideration.~~

Transfers that are motivated by athletics per the sending AD statements, parent/legal guardian of the transfer have the burden of proof to provide clear and convincing evidence that the transfer was not motivated by varsity considerations or athletics.

Rationale:

Removing "Under no circumstances" allows a league, the Commissioner and/or an Appeals Committee more flexibility to review all circumstances/documentation of the transfer even if the sending statements are athletic in nature.

Pros:

All parties reviewing the Bona Fide Move criteria will operate under the same provisions as stated in the Bylaw. Transfer parents have the burden of proof, not the ADs.

Cons:

None

Financial Impact:

None.

ADMINISTRATIVE PROPOSAL
(Requires majority vote for approval)

ADM 7 - Sport Specific Specialized Training

(BOARD OF DIRECTORS)

AMEND THE CHSAA CONSTITUTION AND BYLAWS to read:

Amend the CHSAA Constitution and Bylaws, clarify 1850 by deleting/adding the following language:

yes no

Page 69

1850

~~**TRANSFERS FOR SPECIALIZED SPORT TRAINING**~~
TRANSFERS/ TO AND PARTICIPATION IN SPORT SPECIFIC-SPECIALIZED
SPORTS TRAINING FACILITY

~~Any student who attends/transfers schools in order to take part in a specialized sport training school will not be eligible for interscholastic competition in that sport(s).~~

A student who attends or transfers to a specialized sports training facility or competes with a program sponsored by a specialized sports training facility is ineligible for varsity interscholastic competition at a CHSAA member school in the sport sponsored by that facility.

A "specialized sports training facility" is a non-school program or organization intended to develop elite athletes through extended practice, training, competition, and travel programs. These facilities provide specialized sports competitive teams or rosters composed of high school athletes from diverse locations and residences, with the purpose of maximizing their sports training and competition opportunities. Specialized sports training facilities are not eligible to be members of CHSAA and operate outside of the recognized programs of CHSAA member schools. The facility's practice, training, competition, and/or travel programs exceed the opportunities of education-based CHSAA member school programs. These facilities do not typically offer a high school academic curriculum, but enroll their athletes in on-line school curricula.

By way of examples, the following criteria may be considered when determining a student's eligibility under this Bylaw:

- **The specialized sports training facility or affiliated personnel solicit or encourage students to enroll or transfer their academic enrollment as a condition of participating in the facility's training, practice, competition, and/or travel programs.**
- **The student transfers to or from his/her residence without his/her parent or legal guardian.**
- **The student's parent or legal guardian relinquishes temporary custodial rights to the facility or any associated personnel or individual.**
- **The student resides in a temporary residence secured or facilitated by the facility or any associated personnel or individual.**
- **The student's parent or legal guardian provides financial remuneration to the facility or any associated personnel in order to participate in the facility's program.**

Students who are ineligible under this Bylaw will not have varsity eligibility at a CHSAA member school at any time during their participation at a specialized sports training facility.

NOTE:

Students in violation of bylaw 1850 will not have varsity eligibility at any time during their interscholastic participation at a member school. A Hardship Waiver can be filed, if clear and convincing documentation that varsity athletics isn't the primary factor for participation.

Rationale:

Per the Association's Mission Statement, "*In pursuit of educational excellence, the Colorado High School Activities Association strives to create a positive and "equitable" environment for all participants.*" We all support choices by parents and students to participate in year-round or extended specialized sport programs for their athletic aspirations. The increase in enrollments and transfers to and from these elite and singularly focused sport programs for in-state, out-of-state or international participants requires that our Bylaws are reinforced to support the CHSAA mission and to set a definitive standard for ensuring equitable participation and opportunities for all students.

Pros:

Provides more clarity and checkpoints for determining participation in a "club" vs. specialized training/elite competitive program for students that would participate (in-state or as a transfer) in member school's sanctioned programs.

The changes will reflect in the eligibility platform with a series of drop-down questions (to assist ADs in identifying) students attending a school without a program and requesting athletic participation or has trained/competed in a non-high school program in the last academic year.

Cons:

Students participating in extended elite, specialized programs or teams as defined will not receive varsity eligibility at a member school in that sport during their high school participation.

Financial Impact:

None.

ADMINISTRATIVE PROPOSAL

ADM 8 – NAME, IMAGE & LIKENESS

(BOARD OF DIRECTORS)

AMEND THE CONSTITUTION AND BYLAWS to read:

Amend Bylaw 2000 - Clarify 2000.13 by adding:

YES NO

Page 73

2000. **AMATEUR STATUS**

2000.2 NAME, IMAGE & LIKENESS: Student-athletes will be prohibited from monetizing their name, image and likeness with the use of their school's uniform, equipment, logo, name, proprietary patents, products and/or copyrights associated with a CHSAA member school either in public, print or social media platforms.

Note: A student-athlete forfeits their amateur status in a sport by signing a professional playing and/or endorsement contract of monetary value or other compensation.

Rationale:

Proactive bylaw to align with the recent decisions at the NCAA level that would impact our amateur status bylaw.

Pros:

Provides written direction on what would be allowable under the NIL aligned with education-based participation. High school sports are about the promotion of teams, not an individual's own pursuit of exposure/excellence. It also places equitable parameters on schools and programs that may also profit from individualized promotions of their student-participants. Supports current member bylaws regarding education-based participation, amateur status and representation of high school programs as a privilege.

Cons:

Prohibits elite athletes from monetizing their name, likeness and image through their affiliation with their high school.

Financial Impact:

Potential benefit for the student-participant as long as it's appropriate representation.

ADMINISTRATIVE PROPOSAL

ADM 9 - Sunday Contact

(4A/5A JeffCo League)

AMEND THE CHSAA CONSTITUTION AND BYLAWS to read:

Amend the CHSAA Constitution and Bylaws, 2310.5 to read by deleting and replacing the following language:

_____ ☐ yes ☐ no

Page 88

2310.5	SUNDAY CONTACT
---------------	-----------------------

EXCEPTION 4 – Coaches in all sports are allowed to have Sunday contact with players within their program who have exhausted their eligibility. Allowing coaches to coach their seniors.

Rationale:

This clarification allows coaches to coach their players (former) on Sundays after the player has exhausted his/her eligibility. For example, at the conclusion of the volleyball season, a coach would have the opportunity to coach his/her senior volleyball player on Sunday during a club tournament.

Pros:

The main benefit of this proposal is for the Senior athletes. This allows the athlete to have NO restrictions on participation beyond their final CHSAA season. Another benefit is that there are many CHSAA coaches choosing to leave CHSAA to coach outside of the CHSAA umbrella due to the "Sunday Rule" limitations. This proposal may prove to be a small step in retaining high quality coaches.

Cons:

None

Financial Impact:

None.

3040.	ROSTER LIMITATION

3010. ~~Not more than 12 students may be certified to play on a team, with expenses allotted for 10 players, in the post season~~ **Only 14 12 students may be certified to play on a team, with expenses allotted in district, regional, and state competition.**

Rationale:

The basketball roster limits are outdated, and the current practice allowed by the bulletin does not reflect the bylaws. 14 players align with written approval and gatelists and also mirrors the volleyball allowance.

Pros:

Allows for our student-participants to have equitable opportunities to participate across several sports.

Cons:

Allows for additional participants during playoffs which will incur additional expenses for the schools.

Financial Impact:

Potential increase although 14 players has been already allowed for several years now.

3800.

SKIING

3800.1 Competition shall be from December 1 or from a different start date due to weather conditions, until the date indicated by each school, or until the final state championship race. **NOTE: The CHSAASki League may hold league championships after the state championship based upon venue availability.**

Rationale:

It is extremely difficult to find state venues, and dates that work for ski areas to host. This change will allow for some students to participate after the state championship date if the league has championship races they would like to offer. Ex: Skimiester championships. Right now competition is limited to about 4 races per student athlete.

Pros:

Allows for our student-participants to have an additional opportunity to participate and compete.

Cons:

Allows for participation after the state championships.

Financial Impact:

None

ATHLETIC PROPOSAL

ATH 3 – SPIRIT SEASON

(BOARD OF DIRECTORS)

AMEND THE CONSTITUTION AND BYLAWS to read:

Page 119

Amend Bylaw 4110 – Season of Sport

Yes

4110. SEASON OF SPORT

A spirit sport season shall begin on the Monday of Week 6 (NFHS calendar). The first scrimmage date shall be on the Saturday of Week 6, and the first competition shall be on the Thursday of Week 7. ~~The season shall run until the final state championships.~~ **The primary spirit seasons are fall and winter with a secondary spring sport season allowed as determined by the local school/district.**

Rationale:

To clarify that spirit teams can continue to support winter and spring activities in or out of competition. It also protects liability coverage as these teams represent their schools/programs. A school can determine the appropriate length of season.

Pros:

To align with current practices as outlined for identifying spirit seasons. Eliminates language that the state competition ended spirit opportunities that extend through culminating events in the winter.

Cons:

No cons as this clarification has been requested by our school administrators/coaches.

Financial Impact:

None

ATHLETIC PROPOSAL

ATH 4 – Tennis Additional Tournaments

(Pikes Peak)

AMEND THE CHSAA CONSTITUTION AND BYLAWS to read:

Amend the CHSAA Constitution and Bylaws, 4320 to read by deleting and replacing the following language:

Page 122

_____ yes no

4320	MAXIMUM MATCHES INDIVIDUAL
-------------	-----------------------------------

4320. No student may participate in more than ~~9~~ 8 matches and ~~three~~ 4 tournaments or ~~10~~ 9 matches and ~~two~~ 3 tournaments or ~~11~~ 10 matches and ~~one~~ 2 tournaments, or ~~12~~ 11 matches and ~~no~~ 1 tournaments or 12 matches and no tournaments, exclusive of regional and state meets.

Rationale:

Given the brevity of the tennis season and the proposed new format of a dual and individual state championship the addition of a tournament will allow teams to better schedule their programs. This proposal does not increase total contests, simply allows for an additional tournament.

Pros:

Allows additional scheduling flexibility, increase in tournaments results decrease in travel.

Cons:

None

Financial Impact:

Positive financial impact for the membership and/or Association.
The additional tournament will decrease travel expenditures.

ATHLETIC PROPOSAL

ATH 5 – BOYS’ VOLLEYBALL

4600.2.	BOYS VOLLEYBALL
----------------	------------------------

4600.2 The boys’ volleyball season shall begin on the Monday of Week **34 35** (NFHS calendar). The first scrimmage date shall be on the Saturday of Week **34 35**, and the first competition shall be on the Thursday of Week **35 36**. The season shall run until the final state championships.

Rationale:

Currently the boys regular season is 8 weeks compared to the girl’s 12-week regular season. We are hoping to start one week earlier (since weather will not impact) as well as move back the state championships one week.

Pros:

Allows for our student-participants to have a more equitable volleyball season.

Cons:

Possible indoor venue conflicts for schools who offer boys volleyball and have basketball teams in the playoffs.

Financial Impact:

None.

Activity Amendment Proposals

4800. ~~CLASSIFICATION PARTICIPATION SEASON OF ACTIVITY~~

~~This competitive activity will be added for the 2022-2024 cycle. Bylaws for esports will be voted upon and approved at the 2022 Legislative Council meeting.~~

Esports will have two competitive seasons.

4810. ELIGIBILITY

A student shall be eligible to represent their school as part of an esports team, as sanctioned by the CHSAA, if such student meets the following requirements:

Eligibility checks should model those conducted for Activities at the local/district level. Schools/districts can adopt a stricter standard of eligibility for esports per bylaw 1720.

CHSAA Bylaws 1720 (Stricter Standards), 1720 (Conduct), 1790 (Co-op Programs), with the requirement that during the period of participation the student must be enrolled in courses that offer, in aggregate, a minimum of 2.5 Academic units per semester, shall apply to students participating in esports.

4810.1 NOT REQUIRED - Schools are not required to include the names of esports participants on semester eligibility lists submitted to CHSAA.

4820. AWARDS

No school or representative shall be allowed to give or to receive an esports award for their individual efforts that exceeds the value of over \$20.00 (excluding engraving).

4830. AMATEUR STANDING

Esports competitors must adhere to the following bylaw regarding amateur status: CHSAA Bylaw Article 20 (Amateur Standing)

Rationale:

This clarifies the baseline for eligibility for esports. Also, this allows for schools to establish a stricter standard and follows the CHSAA Bylaws language around amateur standing and awards.

Pros:

As we begin our first year of esports (2022-23), there is language available to our membership. This also gives our esports committee room to grow the esports bylaws in the future.

Cons:

5100.	ORGANIZATION
--------------	---------------------

5100.1 The CHSAA President approves a committee consisting of sponsors and administrators which will provide representation for the school student leadership organizations across the state.

5100.2 RESPONSIBILITIES:

- Link between CHSAA and schools
- Coordinate/Communicate State Student Leadership Activities
- Provide training for students and advisors
- Provide accountability for state activities
- Make Student Leadership a priority in the schools of Colorado
- Be responsible for the value of leadership in schools
- Provide tools, resources and motivation for advisors
- Provide meaning, purpose and empowerment for all school student leadership programs.

5100.3 COLORADO STATE STUDENT REPRESENTATIVES — Selected at the State Student Leadership **Advisor "U"** ~~Fall Conference~~ by the Student Leadership Committee via a review of completed student applications.

Duties include: Attend two formal meetings (one to be held at the summer camp and the other to be held **prior to the first Fall Summit** ~~at the fall conference~~) **attend** and be a non-voting member of select CHSAA committees **and those duties outlined as a result of the formal meetings.** ~~as assigned.~~

5100.4 ANNUAL PROGRAMS

- CHSAA State Student Leadership Conference
- Fall Summits
- ~~Inter-league Summits~~
- Advisor "U"

5110. MEMBERSHIP

All CHSAA members are automatically members of the Student Leadership Division. **An** **additional** registration fee is charged to those schools sending delegates to the State Student Council Leadership Conference, **Advisor "U"**, and the State Student Leadership **Fall** Summits.

- 5120.1 A student shall be eligible to represent his/her/their school in student leadership activities sanctioned by the CHSAA if such student **meets the following requirements:** ~~is enrolled in courses that offer an aggregate minimum of 2.5 Academic units per semester.~~

~~Schools may also impose the following:~~

- ~~a. CHSAA Bylaw 1710b (Conduct)~~
- ~~b. CHSAA Bylaw 1720 (Stricter Standards)~~
- ~~c. CHSAA Bylaw 1790 (Co-op Programs)~~

CHSAA Bylaws 1710 (General Eligibility), 1720 (Stricter Standards), and 1790 (Co-op Programs), shall apply to students participating in the following events: CHSAA State Student Leadership Conference, Fall Summits, Inter-league Summits, State Representative Nominations.

The general eligibility rules of the CHSAA as outlined in the following:

- **CHSAA Bylaw 1700 (Privilege)**
- **CHSAA Bylaw 1710 (General Eligibility)**
- **CHSAA Bylaw 1720 (Stricter Standards) shall apply to students selected as Colorado State Student Representatives**
- **CHSAA Bylaw 1790 (Co-op Programs)**

For all other Student Leadership participation, Rules 1720 (Stricter Standards), and 1790 (Co-op Programs), shall apply in conjunction with the requirement that during the period of participation the student must be enrolled in courses which offer, in aggregate, a minimum of 1.0 Academic units per grading period (Quarter/Semester).

NOT REQUIRED - Schools are not required to include the names of Student Leadership participants on semester eligibility lists submitted to the CHSAA.

Rationale:

Student Leadership needed to clarify a baseline standard so that member schools could, if they wanted to, establish a stricter standard for their programs. Student Leadership also needed to clean up terminology that was used in different ways, in different programs/brochures, with the same meaning. Student Leadership needed to clarify the process for selection of Representatives.

Pros:

This change will clear up the use of terminology that defines Student Leadership events. This will also provide our schools with an access point to create their stricter standard, if they choose to implement one.

Cons:

No cons, as this cleans up all of the conflicting terminology and establishes deadlines for Representatives.

Financial Impact:

None

I. MAJOR CHANGES FROM LAST YEAR'S REPORT:

- A. No major changes

II. RATIONALE:

- A. None

III. FINANCIAL IMPACT:

- A. None

IV. INFORMATIONAL ITEMS:

- A. The CHSAA Equity Committee strongly recommends schools and districts including an Inclusive Coach Training for all coaches through the organization, "You Can Play." This training's mission is to ensure that students feel safe and included when they participate in sports and activities. You Can Play seeks to challenge the culture of locker rooms and spectator areas by developing a culture of respect, in ever player, coach and fan.
- B. February 2, 2022 is the National Girls and Women in Sports Day and we encourage schools to celebrate the extraordinary achievements of their female coaches, participants, and officials.
- C. The CHSAA Equity Committee, along with the CHSAA Board of Directors, continually ensures that our Equity and Transgender bylaws and policies are in line with current state regulations. Many states look to Colorado for recommendations and advice regarding these topics.
- D. The CHSAA Equity Committee strongly supports the efforts of Special Olympics Colorado – in particular, Unified Sports, which offers opportunities for all levels of participants.

OFFICIALS' FEES

Mike Book, Wiggins High School

Chair

CR 6

I. MAJOR CHANGES/RECOMMENDATIONS FROM LAST YEAR'S REPORT:

- A. The Legislative Council in April 2019 approved a Denver and Colorado Springs Metro area schools \$6 travel stipend for sport officials registered in those areas for the 2020-2022 Cycle and \$10 to start in the 2022-2024. The stipend is paid once per day to an official regardless of the number of assignments at a site.
- B. The 2% Cost of Living Adjustment to increase fees across board for all sports, approved in 2020 for 10 years, continues in effect. See the Officials' Fees Report attached to this report. Here is the link to access it on the CHSAA now.

https://chsaanow.com/documents/2021/12/9//Officials_Fees_Excel_File_Only_2020_2021_Revised.pdf?id=798

II. RATIONALE:

- A. Keeps pace with national and contiguous state travel fees paid to officials.
- B. Keeps pace with national and contiguous state game fees paid to officials.

III. FINANCIAL IMPACT:

- A. Yes, the travel stipend is increased from \$6 to \$10 (Metro Denver and Colorado Springs areas only).
- B. Yes, at least a 2% annual increase for all schools.

IV. OTHER ITEMS FOR LEGISLATIVE COUNCIL ACTION:

- A. Tournament Fees - During regular season play, leagues and schools have the option to establish tournament fees with officials' groups unless specified elsewhere in the above fee schedule. Those fees must be stated on contracts sent to officials prior to the tournament.
- B. CHSAA Statewide Mileage Payments
 - 1. All schools pay \$.40/mile round trip (zip code to zip code). The official must have traveled 20 or more miles one way to be paid full round-trip travel mileage. (i.e. An official's one-way mileage to contest school is 21 miles. School pays 42 miles X \$.40, for a total of \$16.80)

Exception to #1 above. Denver & Colorado Springs schools pay one \$6 travel stipend to each official regardless of the number of assignments at one site per day. 2020-2022,

Denver/Colorado Springs schools pay a \$6 travel stipend. 2022-2024, Denver/Colorado Springs schools pay a \$10 travel stipend. The mileage travel stipend is paid to an official for one or more assignments per day at a school for all levels. This stipend was approved in at the 2019 Legislative Council Meeting.

Denver Metro League schools listed pay \$6 travel stipend starting 2020 and a \$10 stipend starting 2022.

All Colorado Springs Schools(except Woodland Park) that pay officials selected from the Colorado Springs Officials Association

- C. Since games crews of officials are expected to carpool, only ONE driver will be paid the mileage reimbursement for each contest. It will be paid to the official on the crew who travels the farthest. Issues with multiple drivers should be solved between the officials and the assignor prior to the game. If two or more officials on the crew are driving from different directions, then the school must pay both officials
- D. In lieu of per diem, a rider fee of \$10 is paid to officials, non-drivers only, who are riding on trips of 70 miles or more one-way.
- E. During the regular season only It is a RECOMMENDATION only, that, assigners assign officials to a contest whose travel miles to a school is less than or equal to 75 miles

round trip, thus resulting in a payment of no more than \$30 for travel. If official travels miles more than 75 miles round trip, the official shall be paid at the \$.40/mile rate as listed above unless other arrangements are made with the officials by the school.

F. Priorities

When a site or date change occurs, the officials originally assigned should be given the first chance to work the rescheduled game.

G. "No-Show"

1. In all sports, when one official is a "no-show", the other officials working the contest shall split 50% of the extra check. (Not to exceed 50% of standard fee).

2. Guidelines for "No-Shows"

Officials Associations must have on file with CHSAA a copy of their constitutions, rules, and by-laws that outline their disciplinary procedures for dealing with no shows as well as other CHSAA expectations. Schools should contact the CHSAA office and identify the officials so that the local officials' associations can take appropriate action. Leagues and schools are encouraged to develop procedures for use in these situations as well.

H. Cancelled Contests and School Good Faith

When a school has made a good faith effort to contact an official of a contest cancellation prior to the official traveling to the contest, no fee shall be paid to any official. That same official shall have the first opportunity to work the canceled contest. If the official was never contacted by the school before traveling to the contest and arrives to work the contest, or the official contacted the school the morning of the contest to check-in with the school, the official shall be paid the full fee plus any required travel reimbursement. Otherwise the official shall receive 50% of standard fee plus any required travel reimbursement.

- J. Once a contest has started and then subsequently postponed or terminated, the official is entitled to the entire game or match fee plus any required travel fees.

- K. Any official working a solo match, junior varsity or varsity, shall be paid one and half times the fee.

V. INFORMATIONAL ITEMS:

- A. Schools and/or their contracted assigners should pay officials within 30 days of the assigned contest. Timely payments are key factor in the retention of officials.
- B. Because studies show that there is a direct correlation between good sporting behavior and the retention of officials, the Officials' Fees Committee values and appreciates the

work of the Sportsmanship Committee to address their needs and encourage the CHSAA membership to continue to make reality the philosophy and recommendations of the Sportsmanship Committee.

- C. When a dual wrestling tournament is held and less than the prescribed number of matches is scheduled, schools and officials should negotiate a lesser fee. Please refer to the wrestling fee structure.
- D. A certified track and field official shall be contracted and paid to run a cross country event.
- E. Emphasis: Please note schools, districts, and leagues have the authority to choose to use the minimum number of officials as designated by each sport.
- F. The committee would like to commend the officials' associations for their efforts in regard to the training of new and veteran officials as well as their continued efforts to improve the overall quality of officiating. The assessment and evaluation processes established have generated a positive learning environment within each organization. However, the committee strongly urges the officials' associations to step up their efforts to recruit new officials.
- G. National surveys of high school sport's officiating fees show that most states pay increased game fees for post-season contests. The committee encourages the CHSAA Budget Committee to consider increases for post-season contests in sports that won't impact member school reimbursements.
- H. Emphasis: Prior to a contest, an official does not have the authority to cancel, postpone, or forfeit an event. Officials, coaches, and game administrators should all be involved in these decisions.
- I. Many local area assigners use the Arbiter online software to conduct assigning business. This service is a part of the CHSAA Official Liaison Budget. The CHSAA encourages its use by all member schools.
- J. In an effort to be eco-friendly and cost effective, officials are expected to carpool to assigned contests.

VI. RECOMMENDATIONS:

- A. The Officials' Fees Committee strongly encourages assigners in areas with schools they assign that do not pay a \$10 stipend to develop a plan to pay officials a reduced mileage reimbursement that is acceptable to both the officials and schools. The reimbursement should not be greater than \$.40/mile but not less than \$.33/mile. The maximum that should be paid for mileage reimbursement is \$150, which is the value

paid for travel 375 miles round trip. If there is no stated plan in place in a given area the school(s) shall pay \$.40/mile.

- B. When there is any change in the assignment of a contest, the home school or assigner should make every effort to contact the officials. Sports officials' associations must encourage their officials to always communicate travel arrangements with each other prior to each contest.
- C. School coaches and administrators can assist with recruiting new officials. Promote the avocation to your local faculty, players, and student body.
- D. Schools should be thorough in the scheduling of events, prior to the assigning of officials, so not to create the potential for a breach of contract with an assigned officiating crew.

In situations where no officials show up for a contest, school representatives are encouraged to explore as many options as possible to play the contest, including using non-registered officials. All factors must be considered in making the decision to play the contest. Under these circumstances, the decision to play the contest should be by mutual consent of the schools involved. When this happens, the CHSAA should be contacted, prior to the contest if possible.

- F. Although national studies show that three-person basketball crews for varsity games, both boys and girls, result in a better officiated and managed game, they were created to prolong the officiating lives of the many of our very competent officials in the International Association of Approved Basketball Officials, Colorado's basketball officials' association. The game is fast and requires quick movements, stops, and turns that produces wear and tear on the body of the official. Over the long haul of the season, there are less injuries and mental burn-out by officials. Though you may feel that it is an easy way to cut expense, know that a reduction in officials on a game will affect the availability of quality officials.

CHSAA LEGISLATIVE COUNCIL COMMITTEE REPORT
January 19, 2022

SPORTSMANSHIP

Harrison Chisum, Fort Morgan High School
Chair

CR 7

1. MAJOR CHANGES/RECOMMENDATIONS:

A. There are no major changes to the current Sportsmanship initiatives. The Committee encourages schools to continue execute the following programs:

- i. Banner Attachment
 - a. Preseason Sportsmanship Planning
 - b. Postseason Sportsmanship Assessment
- ii. Game Fan Behavior Expectation Signage
 - a. Prominently displayed at all playing facilities, all levels
 - b. Backs of programs, tickets, other game fliers

B. The Game Management and Sportsmanship Expectation Guide (Guide) continues to be your primary resource for things related to Sportsmanship. The recent trend of many of the CHSAA member schools is to create their own videos of what sportsmanship means to the players, coaches, and fans. These videos are shared in the few minutes before the start of contest and the National Anthem. Actual videos from Smoky Hill and Green Mountain high schools can be found on the CHSAA website under Sportsmanship, sample pre-contest videos.

C. It should be noted that Chatfield High School has a long-standing track record for conducting a Sportsmanship/Leadership Summits for schools in their districts. The Summit not only paves the way of sportsmanship for their league schools, it provides opportunities to address other topics of current trends and importance to its student attendees. The most recent version highlighted mental health, social media, social justice, sportsmanship video productions.

The Game Management and Sportsmanship Behavior Guide will continue to include new and innovative Sportsmanship Best-Practices.

Note: The Student Advisory Group to the Sportsmanship Committee shares that student fan bases are in support of promoting good behavior at games but need active support from athletic directors and game managers to address the small minority of students that can disrupt a game and may be asked to leave. The removal of unruly students would help create and maintain a culture of good fan behavior.

- I. Rationale
 - A. Planning/Preparing
 - B. Your best resource for sportsmanship
 - C. Rethinking our commitment and purpose
- II. FINANCIAL IMPACT
 - A. The cost to print or make flier/banner for all playing facilities
 - B. Paying game managers
 - C. None to schools

COMMITTEE INFORMATIONAL ITEMS/NOTES:

- A. The students attending a league and district sponsored Sportsmanship Seminars report that sports officials have no biases, parents should only stand up and cheer for their student-athletes and nothing more, coaches should model good behavior and teach life lessons, and student-athletes should respect the game and themselves.
- B. Displays of acts of good sportsmanship are to be shared with the CHSAA office. Certificates are available.
- C. The list of acceptable and unacceptable behaviors is outlined in the Game Management and Sportsmanship Expectation Guide. Member schools are encouraged to review these behaviors prior to every sport season with coaches, students, and parents.
- D. CHSAA member schools “We Cheer For Our Team and Not Against Our Opponent” and “We Respect the Game” are official CHSAA sportsmanship messages.
- E. The online officials’ and schools’ evaluations and voting are designed to make both coaches and officials accountable. It is important that all parties participate in these activities.
- F. Over 210 schools are participating in the Banner Attachment Program for the next four years.
- G. The NFHS Learn site, www.nfhslearn.org, has a new free sportsmanship videos to share coaches, players, and parents.
- H. Continue to post the Venue Expectation Flier/poster. The template is available in the Game Management and Sportsmanship Guide.
- I. Recommend that school districts create a policy that an ejected coach meet with superintendent as part of satisfying requirements for being removed from probation or restriction.
- J. Recently added are six new Public Service Announcements: Simple Math, the Power of You, and Lost and Found. There is a Spanish script available in a text from.
- K. The PPAC & CSML Leagues Sportsmanship Ballot and Ranking system or Lakewood HS Game Management and Worker Assignment checklist.

Kevin Clark, Thompson School District

Chair

CR 8

I. MAJOR CHANGES:

No major changes

II. RATIONALE:

No major changes

III. FINANCIAL IMPACT:

No major changes

IV. INFORMATIONAL ITEMS:

- A. The CHSAA SMAC has adopted an updated Air Quality informational document and chart
- B. The CHSAA SMAC has adopted a Bloodborne Infectious Diseases section as a new addition to the Sports Medicine Advisory Committee Handbook.
- C. The CHSAA SMAC is currently in the process of updating the Heat Illness section of the Sports Medicine Advisory Committee Handbook.
- D. The CHSAA SMAC is currently in the process of creating a chart to alternatively present information currently found in the Cold Weather section of the Sports Medicine Advisory Committee Handbook.
- E. The CHSAA SMAC is organizing and planning for the addition of a sports medicine presentation at the CHSAA All School Summit.
- F. Schools need to ensure they have Emergency Action Plans (EAP's) for all their athletic and activity programs – including marching bands.
- G. All schools should have an AED that is easily accessible on all sidelines, courts and auditoriums, with a 3-minute response time.
- H. The SMAC strongly encourages the use of the American Academy of Pediatrics Pre-Participation Exam form for all sports physicals.

CHSAA LEGISLATIVE COUNCIL COMMITTEE REPORT

Tournament Playoff and Finance

David Walck, Fossil Ridge High School

CR 9

Chair

I. MAJOR CHANGES FROM LAST YEAR'S REPORT:

- A. No Gate Fee of \$400 added to 6-Man football.
- B. Additional language around security expenses added to clarify that sport Commissioner's have ability to approve post-season security expenses that exceed regular season security expenses.

II. RATIONALE:

- A. It is difficult for some schools participating in 6-Man football to charge a gate at their venues. The gate collected and income to CHSAA from 6-Man was evaluated in order to determine the 6-Man No Gate fee.
- B. Security expenses vary per school and post-season game, and there are times where additional security is needed in the post-season. Since this expense can be included on the TP&F Report, the CHSAA Assistant Commissioner per sport has the ability to approve post-season security expenses that exceed regular season expenses. This encourages checks and balances since schools must verify their security expenses in the TP&F Report.

III. FINANCIAL IMPACT:

- A. Minimal financial impact since now 6-Man football hosts are allowed to pay the No Gate Fee versus collecting a gate that has been difficult to collect. The fee is in line with what 6-Man hosts have been paying to CHSAA.
- B. No impact since security expenses are an allowable expense. Approval may be needed depending on the post-season event.

IV. INFORMATIONAL ITEMS:

- A. The No Gate Fee will be reviewed for all sports next year since it hasn't been updated since its inception.

VI. COMMITTEE MEMBERS:

David Walck, Fossil Ridge (chair); Marcie Hamm, Bayfield; Emerald Murphy, Centaurus; Caryn Gibson, Delta County SD; Jared Felice, Fountain Fort Carson

PURPOSE/MISSION STATEMENT:

Tournament Playoff and Finance (TP&F) exists to maximize funding opportunities through gate revenues during CHSAA postseason contests. One-third of the CHSAA operating budget is reliant on this

income. Additionally, TP&F funds are collected through a revenue sharing model with the intent to offset travel and host school expenses through participation in the postseason.

The use of premier venues for CHSAA culminating championship events incurs greater expenses to facilitate these events. As venues increase their fees, the TP&F must also adjust the fee structure in order to continue providing opportunities at these premier venues. Without this revenue, funding would have to be charged back to schools in the form of higher dues, participation fees or other means in order to generate funding to operate the association.

POLICY STATEMENT

Tournament Playoff and Finance (TP&F) exists to maximize funding opportunities through gate revenues during CHSAA postseason contests. One-third of the CHSAA operating budget is reliant on this income. The use of premier venues for CHSAA culminating championship events incurs greater expenses to facilitate these events. As venues increase their fees, the TP&F must also adjust the fee structure in order to continue providing opportunities at these premier venues.

The TP&F Committee provides oversight on developing a financial system for postseason play that recognizes the limitations on school budgets and on CHSAA. When a proposal is made from a league, committee, BOD, CHSAA, etc. that impacts the postseason, there needs to be informed communication between the person/group making the proposal and the CHSAA commissioner who oversees that sport/activity, especially when there is a financial impact. This communication should be documented on the proposal checklist. The financial impact data will then be included as part of the proposal in any written reports or communication. The CHSAA will include this process on the proposal form.

The TP&F Committee strongly encourages all CHSAA sports committees to set geographic proximity as a primary consideration when determining post season playoff formats. In this era of diminishing resources, it is imperative that schools and seeding committees conserve financial resources in the athletic arenas. While this committee has no authority over league and regular season play, the committee believes that it should do its part in conserving resources by constructing postseason playoff systems that keep travel and missed school time to a minimum.

With the aforementioned criteria in mind, the committee believes that it is in the best interest of high school sports to ensure the continuing support of our communities, school boards, and CHSAA. The surest way to accomplish this rests with sports committees in their planning for postseason play.

TP&F Handbook

TOURNAMENT DIRECTOR RESPONSIBILITIES:

As a host of a CHSAA postseason game or tournament, it is important to understand your responsibilities. Below is an overview of these responsibilities.

- A. What you are hosting
 - Head-to-head Game
 - Hosting one game against one other team
 - Multi-Team / Tournament

- Hosting multiple games, a quadrant of games or a district/regional tournament over one or multiple days.
 - Football/4A Great 8 Basketball
- B. Ticket Prices/Gate Admissions
 - The host is expected to charge a gate.
 - Tickets prices vary from sport-to-sport and from round-to-round.
 - Select sports are exempt from charging a gate but will be charged a fee in lieu of gate admission when approved by the Commissioner.
 - Select sports include - district baseball, field hockey, gymnastics, boys'/girls' lacrosse, boys'/girls' soccer, regional softball
- C. Officials
 - Normally, CHSAA will assign officials for all post season play.
 - Amounts for officials pay can be found in the Arbiter.
 - The host is responsible for paying officials for all rounds.
- D. Visiting Team(s) Reimbursement
 - Reimbursement includes
 - Mileage, meals & hotel
 - Round trip mileage will determine if the visiting team will receive reimbursement for travel, meals and/or hotel. See reimbursement section for more details.
 - Head-to-head & Football
 - The host is responsible for paying visiting team reimbursements even if a deficit was incurred
 - If no gate was taken, the host is still responsible for paying visiting team reimbursements
 - Multi-team/Tournament
 - The host is responsible for paying all visiting team's reimbursements. Some exceptions apply; See reimbursement section for exceptions
- E. Additional Expenses
 - Police/Security - This is the only allowable expense a host can record on the reporting form for all sports except for football only when CHSAA approves.
 - Awards - The host is responsible for paying the cost of district/regional awards

CHSAA Playoff reporting form and monies should be submitted to the CHSAA office within ten (10) business days following the conclusion of the event.

NOTE – All visiting schools MUST receive a copy of the report for their records.

NOTE - In order to defray expenses, the host school shall consider all ways to decrease costs. The use of volunteers (parent, booster or student organizations) is encouraged. Only absolute and necessary workers should be hired. Hospitality should be limited and the numbers of officials should be hired as directed by the Legislative Council.

VI. FACILITIES:

- A. If a district or regional **elects** to use a rented facility, the cost for the rental must have prior approval by the CHSAA Commissioner and a majority of teams in the district or regional. The

rental cost is then incurred by the host school or if prior agreed upon by a majority of teams involved, this cost can be shared by all schools.

- B. If a district or regional hosted by a school is required to use a rented facility, the cost for the rental is shared by all schools in the district/regional and is not included in the 20% host expense. This shared expense would then be considered an allowable expense.
- C. Great 8 and beyond when choosing to use a facility that charges a set amount for expenses, but not owned by a school district, the Commissioner may approve the participating school(s) to pay for additional expenses, with prior approval.

VII. ADEQUATE FACILITIES ARRANGEMENTS:

In the playoffs, the Commissioner has the authority to select the site based on the adequacy of the seating, field conditions, court size, etc. Football host teams must have approval.

VIII. ADMISSIONS:

Gate Collected

- A. Minimum prices have been established for all playoff games (all classes of schools and at all levels of playoffs.)
- B. Minimum ticket prices will be sent to you in a separate attachment well in advance of the event.
- C. All changes to prices need prior approval by CHSAA Commissioner and must be reported accordingly on financial report.
- D. Admission prices for State Final events, including football playoffs, are established by the CHSAA Board of Directors.
- E. The age at which senior citizen rates apply is 60.
- F. Exception to the required minimum admission prices (in case of extenuating circumstances) may be appealed to the CHSAA Commissioner and/or the Board of Directors. Note, past experience has shown public relations are enhanced if people are paying the same price for the same type of game at each location.

No Gate Collected: Select Sports

- A. A school hosting a contest on the state championship bracket may opt to pay a set per game fee to CHSAA in lieu of charging admission. When paying this fee, hosting schools are still responsible for any travel guarantee due to the opponent, officials' payments and other costs associated with hosting these contests. Pre-approval from CHSAA is required for implementation.

*This is a per game fee when hosting multiple games at one site. Fees are collected for each game.

SPORT	Class	Fee
Baseball Regionals	3A, 4A, 5A	\$100
Football	6-Man	\$400
Field Hockey		\$115

Boys' Lacrosse		\$150
Girls' Lacrosse		\$125
Boys' Soccer	3A	\$150
	4A, 5A	\$200
Girls' Soccer	2A	\$125
	3A, 4A, 5A	\$150
Softball Regionals	3A	\$100
	4A, 5A	\$400

IX. OFFICIALS' EXPENSES:

- A. Officials will be assigned by the officials association or the CHSAA for all post season play. These assignments can be found in the Arbiter.
- B. Mileage – 40¢ per mile – Mileage for metro areas will be \$2.00 per day. Travel mileage for all play-offs will be calculated by Arbiter using zip code to zip code.
 1. Only one driver will be paid for each contest. This will be paid to the official on the crew who travels the furthest. Issues with multiple drivers must be solved between the officials and the assignor prior to the game.
 2. In lieu of per diem, a rider fee of \$10 is paid to officials, non-drivers only, who are riding on trips of 75 miles or more one-way. Prior to semi-finals officials mileage capped at 250 miles one way and 500 miles round trip.
 3. A hotel allowance of \$50 is paid to any official traveling over 50 miles one way (100 miles round trip) only while officiating a multi-day tournament. More than 200 miles of travel one way will get a hotel for single day contest.
- C. When the CHSAA office is responsible for paying mileage to state playoff events, the Board of Directors will determine the amount paid.

X. VISITING TEAM(S) REIMBURSEMENTS: (Travel, Meals, Hotel)

The host of any post season game/tournament is responsible for figuring visiting team(s) reimbursements. These reimbursements are NOT intended to cover 100% of visiting team actual expenses, but help offset any expenses incurred. This reimbursement is guaranteed to the visiting team(s) unless all participating teams agree to no reimbursement prior to the game/tournament. Meal and hotel is still based on the shortest route unless determined and agreed upon in advance.

Head-to-Head Guarantee

- A. If two teams are in a playoff and the host school will not guarantee expenses of the team designated to travel and that team will guarantee the expenses of the designated host school, then the site shall be reversed, and the host team will be required to travel. (Note: In either case, the school originally assigned the host role, will retain that status for the purpose of charged home contests and coin flips.)

- B. If neither team will guarantee the expenses, the game will be played at the designated site as assigned by CHSAA and both teams will share in the deficit. The school originally determined to host will prepare and submit the required CHSAA financial statement.

Multi-Team/Tournament Guarantee

- A. In district and regional tournaments involving three or more schools, the host school shall receive 20% of the gross for expenses to conduct the tournaments. If the additional expenses to conduct a tournament exceed the 20%, by **prior mutual agreement** by all participating schools, all schools will share in the deficit.
- B. In all situations in which the home school is responsible for guaranteeing the expenses of the visiting schools, all schools must negotiate an understanding of what expenses will be paid preferably as soon as possible after the opponents are determined.

XI. TRANSPORTATION ALLOWANCE:

- A. To be consistent in allowing the amount specified, mileage in each case will be calculated based on site to site mileage as determined by an internet mileage program, using the shortest route for mileage.
- B. A team must travel on a bus to receive travel reimbursement. If a team uses personal vehicles as transportation to a game/tournament they will not receive travel reimbursement.
- C. The following is the established transportation reimbursement for all State Districts, State Regionals and State Final playoffs and is based on round trip mileage for each actual participant.

Note – The below formulas for transportation have been pre-set in the T&PF reporting form.

All Sports, except Football

- A. Teams traveling under 120 miles round trip will be reimbursed a flat-rate of \$90.
- This flat-rate is to cover mileage and meals for the visiting team(s).
- B. Teams traveling over 120 miles round trip will be reimbursed using the above calculation.
- Reimbursement will be paid \$.05 cents per mile based on allowable team personnel.
 - Number of allowable team personnel x round trip mileage x \$.05
- C. Maximum number of allowable team personnel:
- *Roster count plus no more than 3 coaches and/or non-participants must not exceed the following maximums:

Sport	Maximum
Baseball/Soccer/Softball	21
Basketball	15
Field Hockey/Lacrosse	18
Volleyball/Wrestling	17

Football

- A. Teams traveling under 120 miles round trip will be reimbursed a flat-rate of \$180.
● This flat-rate is to cover mileage and meals for the visiting team (no meals are to be calculated)
- B. Teams traveling 120-399 miles round trip will be paid at \$1.25 per mile.
- C. Teams traveling 400 + miles round trip will be paid at \$1.25 per mile for miles 1-399 and miles 400 + will be paid at \$1.00 per mile.
- D. Maximum number of allowable personnel:
*Roster count plus no more than 5 coaches and/or non-participants must not exceed the following maximums:

Class	Maximum
A6 & A8	25
1A	35
2A	40
3A	44
4A	47
5A	50

XII. MEAL ALLOWANCE:

- A. Meal allowance, where permitted in team competition, may apply at all district, regional and state playoff tournament levels when travel is in excess of 60 miles (road miles one-way) or 120 miles round trip, and/or involves overnight lodging for tournament play.
- B. The meal allowance for all sports in all district and state playoff tournaments will be as follows:

Meal	Amount
Breakfast	\$4.00
Lunch	\$5.00
Dinner	\$6.00

- C. Meal allowance is based on the maximum number of participants allowed for reimbursement shown in the transportation section.
Note – The meal reimbursement formula is **NOT** pre-set in the T&PF reporting form and needs to be calculated manually.
- D. The above meal allowance does not pertain to the host school.
- E. The Commissioner will decide the number of allowable meals for state playoffs as noted under Item A.

XIII. HOTEL ALLOWANCE:

- A. Hotel allowance will be \$12.00 per night for actual participants based on the number shown in the transportation section.
- B. A team must travel at least 200 miles one way before overnight lodging is allowed. It must travel 325 miles one way before the second night lodging is permitted. Hotel lodging should be approved in advance by the Commissioner.

Note - Hotel reimbursement does not apply to two-day state tournaments.

Note - The hotel reimbursement formula has been pre-set in the T&PF reporting form.

- C. In the event a two-day tournament or more is involved, schools must receive prior approval from the CHSAA Office for the allowable number of overnight lodging and corresponding meals. This will be predicated on the scheduled starting time of the school's first contest, weather conditions, and overall distance from the site. Note, for single-day tournaments, the conditions as indicated above will apply.
- D. In the event of an emergency such as a storm, and the traveling team is forced to remain longer, a contingency fund will be set up by the CHSAA to defray unexpected expenses. Such hardship cases will be decided by the Commissioner. If the balance of the contingency fund is unable to cover costs, it will be prorated among the affected schools.
- E. Hotel expenses will only be allowed for actual overnight used.

XIV. ALLOWABLE EXPENSES:

- A. **The allowable expenses are NOT INTENDED TO COVER ALL expenses incurred, but rather to help offset them.**
- B. Security:
 - a. At the discretion of the host school, expenses in employing police may be added to the maximum allowable game expense. Expenses must be itemized.
 - b. The CHSAA Assistant Commissioner (for that sport) has the authority to approve the security cost of a post-season event if it exceeds the regular season security cost.
- C. At the discretion of the host school, expenses in employing an Athletic Trainer may be added to the maximum allowable game expense. This expense must be itemized and is limited to:
 - a. \$50 for a single contest
 - b. \$150 for multi-team event
 - c. \$150 for wrestling regional per day
- D. Maximum host school allowable game expenses for football, great 8 basketball for game help (not including police/security) & regional softball facility rental:

Football	Maximum
A6 & A8	\$300
1A & 2A	\$400
3A	\$550

All other Sports Great 8 & Beyond	Maximum
1A & 2A	
4A	\$700

4A	\$675
5A	\$750

Regional Softball Facility Rental	Maximum
3A, 4A, 5A	\$500

- E. In emergency situations which make it impossible for the home school to stay within the above maximum allowable expenses, the CHSAA Commissioner may approve deviations from the maximum allowable expenses.
1. Bleachers moved in is an expense of the host school.
 2. Snow removal is the financial responsibility of the host school.
- F. In the case of a weather emergency during a state playoff contest, additional team expenses for meals, lodging and transportation incurred may be reimbursed from the contingency fund upon application to the Commissioner or designee.

XV. FEES COLLECTED BY CHSAA

NOTE - The Commissioner is authorized to conduct spot audits of playoff attendance and receipts.

*Host school may be responsible for the Wilson Volleyball and Soccer Ball cost.

All Sports, except Football

- A. Ice Hockey – 1st and 2nd rounds, all cost profits and/or deficits are shared by the participating schools at each site.
- B. In 1A-2A baseball up to the regionals, CHSAA will not take a percentage of the gross receipts. The home school will incur its expenses, the visiting school will incur their expenses and if there are gate receipts, these gross receipts will be split between the participating schools.
- C. In basketball, gymnastics, soccer, volleyball, wrestling, field hockey, lacrosse, baseball, and softball in the District, Regional and Final playoffs, CHSAA will receive 20% of the adjusted gross receipts.
- D. Starting with great 8 round, any game hosted at a school site, CHSAA will receive 10% of gross receipts and 70% of net proceeds, after expenses have been paid for all playoff games. The two participating schools will divide (equally – 15% each) the remaining 30% of the net proceeds. Allowable expenses will be applied.

Football

- A. In football, CHSAA will receive 10% of the gross receipts and 70% of the net proceeds, after expenses have been paid for all playoff games. The two participating schools will divide (equally-15% each) the remaining 30% of the net proceeds.
- B. When a football championship game is played at a predetermined high school site, each competing school will receive 10% of the gross income. The school or facility hosting the contest will also receive 10% of the gross. The remaining 70% of the gross income will go to the CHSAA.
- C. When a multi-classification football championship event is held at a predetermined site, each team's share of the gate will be determined by the CHSAA.
- D. In football only, if the host school shows a net loss greater than the amount shown on the statement, which should be paid to the CHSAA, no money is owed to the CHSAA.

Example 1: If a school hosting a football playoff game shows a net loss of \$1.00 and the CHSAA share shown on the statement is \$50.00, the net amount paid to the CHSAA is \$49.00.

Example 2: If a school hosting a football playoff game shows a net loss of \$100.00 and the CHSAA share shown on the statement is \$50.00, no money is owed to the CHSAA.

XVI. STATE TOURNAMENT REIMBURSEMENTS

- A. Allowances will be made (if gate receipts exceed the expenses, and the balance is sufficient) for travel, meals and hotel in baseball/softball, basketball, football, ice hockey, soccer, volleyball and wrestling at state championship events.

NOTE: If the balance at state championship events is not sufficient to pay allowable expenses as outlined in this report, payments to schools will be prorated.

NOTE: Travel expense reimbursement is funded according to the CHSAA formula and may or may not cover all travel costs, due to the prevailing costs for distance traveled, mode of travel, etc.

- B. A team's expenses will cease after that school's representative has been eliminated from further participation. In the case of wrestling or other individual sports, a team's expenses will cease when the last team member has been eliminated from further participation (not to include metro area as noted under wrestling). This is not intended to affect return home expenses.
- C. In all state culminating events (except football), CHSAA will retain 10% of the gross, then pay expenses on a prorated basis, based upon all allowable meals, hotel and transportation. After all allowable expenses have been paid, CHSAA will retain the balance.
- D. The CHSAA Board of Directors will make the determination after the final Audit in July as to if there is enough money to reimburse for state tournament travel for the prior year.
- E. When an independent school (including a school playing in a league out of its classification) is assigned to a (basketball, volleyball) regional qualifying tournament, its expenses for travel, meals and lodging will be reimbursed in accordance with the above policy, up to a point no greater than the reimbursement granted the furthest league member participating in terms of travel distance. In the event additional reimbursement is due, the balance will be made by the CHSAA.

XVII. POLICIES:

- A. Support Group Admission - Admission procedures at district, regional, sectional and state championship events will be determined by the Commissioner and/or Board of Directors. Admissions of these support groups are to be consistent from sport to sport and/or activity. Bands and/or Spirit groups will only be admitted in uniform and with a director or sponsor.
- B. There will be no entry fees assessed/charged at any qualifying meet, tournament, event, or contest when purchasing awards.
- C. Co-op Schools (Trophies)--If a cooperative school wins a trophy at the final state championship level, the CHSAA will provide a duplicate trophy for the second school. CHSAA will assume the cost.
- D. Committee members and seeding committee members can be paid on a formula different than that for paying teams when the Board of Directors determines it necessary. The Board of

Directors will set these amounts. The committee members from the metro area will receive a \$10.00 mileage reimbursement, and the Association, when applicable, will pay for their lunch.

XVIII. INFORMATIONAL ITEMS:

- A. The Commissioner may call a special meeting of this committee, which shall have the power to adjust items of this report in response to severe economic changes.
- B. When discussing more revenue back to schools for hosting the \$100.00 reimbursement to an individual school is magnified over the number of sites as an estimated \$150,000.00 loss to the Association.
- C. The Committee discussed the future possibility of applying a sport specific average officials' fee to a financial report.
- D. *The Committee expressed the need/requirement for sports' committees to show previous years' sport specific financial expense/revenue line items and the estimated future financial impact to the CHSAA when format changes are proposed by the committee.

V. NOTES:

Please take note of these rotations and plan accordingly. Planning should be the responsibility of the music director, activities director, principal and perhaps the district office. The committee would support off-site locations such as community colleges, recreation centers, and other performing arts facilities to better accommodate your school's schedule and needs. If your school is unable to host a festival within the parameters set forth in this report, it is your school's responsibility to find a replacement. If you would like to be taken off the rotation completely, please contact the CHSAA Music Committee.

Report No.

I. MAJOR CHANGES FROM LAST YEAR'S REPORT:

- A. Adopt the NSDA 8-minute prep time in Policy Debate pilot for the 2021-2022 school year.
- B. Adopt the NSDA Interp Source Rule pilot for the 2021-2022 school year.
- C. Congressional Debate will remain a pilot event for an additional year.
- D. Judge pay at CHSAA tournaments will increase to \$15 per round judged. Judges who judge 3 or more rounds of Policy debate and/or waved PF or LD debate will receive a \$40 bonus.
- E. Clarification provided around judging requirements at CHSAA tournaments. Each school is required to provide at least one coach to assist in the operation of the tournament (tab worker, judge, extemp prep, etc.). Additional coaches who serve as judges can choose to receive pay for rounds judged.
- F. Pilot the use of the Arbiter system for judge background checks to determine feasibility of requiring background checks for the 2023-2024 school year.
- G. Shift from Festival and Tournament classifications to 3A, 4A, 5A classifications.
 - i. Debate topics used at each classification's State Tournament will match the month during which the first day of the tournament is held for that classification's State Tournament.
 - ii. Dates
 - iii. Elimination of Regional Tournament structure. Instead, each school will be able to bring up to four entries in each event to the State Tournament for their classification.
 - iv. Entry fees will increase from \$13 per student to \$20 per student for all State Tournaments.
 - v. Double Entry will be allowed at the 3A State Tournament, but not at the 4A or 5A State Tournament.
 - vi. Events offered at 3A State will mirror those currently offered for State Festival. Events offered at 4A and 5A State will mirror those currently offered for the State Tournament.
- H. A team sweepstakes award will be piloted in the 2022-2023 school year.
- I. Individual awards given at the State Tournaments will align with those given in athletics (like wrestling and track)
- J. In Original Oratory and Informative Speaking, a student holding a manuscript may not be ranked higher than fourth in the round.

II. RATIONALE:

- A. Aligning with NSDA rules helps students be more competitive at National competitions and provides greater consistency for judges.
- B. Aligning with NSDA rules helps students be more competitive at National competitions and provides greater consistency for judges.
- C. As Congressional Debate has only been run at the 2021 virtual State Tournament, an additional year to allow further review and the possible impact of the shift to three classifications is needed.
- D. Increasing judge pay to more align with minimum wage allows us to fairly compensate judges for their time and will aid in the recruitment of more diverse judging pools.

- E. The judge requirement rule lacked clarity regarding coaches who take on a role in running the tournament and how that factors into the judging requirement.
- F. Piloting the Arbiter system for background checks can provide affordable opportunities for judges to be vetted by an outside system to ensure that they pass background checks. Additionally, there has been discussion around building out our judge certification process through Arbiter to create a more accessible judge certification process, so a pilot of this system will help us explore how we can leverage this system more broadly in our community.
- G. The creation of a third division will provide additional opportunities for students to compete for a state championship, will increase competitiveness, and will bring Speech and Debate into better alignment with other CHSAA sanctioned activities.
 - i. Provides consistency to ensure clarity regarding what debate topic will be debated for each tournament.
 - ii. All three State Tournaments will be held over two days, and they will be held on three separate dates to accommodate room needs and allow for shared judge pools. By breaking into three classifications, there is no longer a need for a regional qualifying tournament (and State Festival didn't use a regional qualifying system). This means that the weekends that were typically reserved for these qualifying tournaments are open for the 4A and 5A state championship competitions and allows the CHSAA season to end a bit earlier, which has been a consistent request of coaches. Maintaining the historical State Festival weekend for 3A maintains their season length.
 - iii. With the elimination of Regional tournaments, more autonomy is provided for coaches to determine how they want to fill their entry spots for the State tournament and can allow broader representation of schools statewide.
 - iv. With the elimination of Regional tournaments, the entry fee per student for the State Tournaments needs to increase to ensure financial stability, including costs of awards, site costs, and judge pay increases.
 - v. Double entry at the 3A level extends the festival format that these schools are familiar with and that is working for them. Under the current system for Tournament schools (to become 4A and 5A schools), students can double at Regionals; however, if they qualify in two events, they can only enter one event at State. Under this proposal, 4A and 5A students are still able to compete in only one event at State; however, since there is no regional qualifying event, with the exception of an alternate who may have been called in to compete, every student who would have been able to compete at regionals will now be able to compete at state.
 - vi. Keeping event offerings consistent in the transition from State Festival to 3A and State Tournament to 4A and 5A classifications maintains familiarity for coaches and students.
- H. Implementing a team sweepstakes award can help recognize a team's collective accomplishments at the State Tournaments, allowing for more support for programs within their communities.
- I. Aligning individual awards creates greater consistency in individual student recognition across CHSAA activities and can serve to help save costs as the number of State tournaments increases.
- J. As the rules for Original Oratory and Informative Speaking indicate that these speeches are memorized works, this change allows for some judge discretion as to the extent to which the script impacted the student performance, while providing a penalty for not being memorized.

III. FINANCIAL IMPACT:

- A. None
- B. None
- C. None
- D. Judges will continue to be paid by CHSAA. An increase in entry fees (G.iii) will help to offset this pay increase.
- E. None
- F. None – cost of background checks will be covered by the individual judge (or their affiliated team, if the team chooses to do so)
- G. Classifications – Increased entry fees per student participant will help ensure financial stability for the 3A, 4A, and 5A State Tournaments.
- H. Sweepstakes Awards – This would translate to an overall State Championship team award and team banner.
- I. Individual Awards will modified to bring the Speech Activities Championship in alignment with the awards received in similar athletic programs; i.e., Track & Field.
- J. None

IV. DATES:

- Criteria: 3A – Last Friday in January and following Saturday
4A – Last Friday in February and following Saturday
5A – Friday/Saturday after State Basketball (Basketball is the 2nd Thursday in March & proceeding Wed., following Friday & Sat.). Criteria can be modified depending on host site availability. Corresponding Dates as per criteria determined by Speech Committee.
- A. 3A State Tournament – January 27-28, 2023* - TBA
 - B. 4A State Tournament – February 25-26, 2023* - TBA
 - C. 5A State Tournament – March 17-18, 2023* - TBA

76-80	17
81-85	18

In debate, all CX and PF teams and LD debaters with a 4-0 and 3-1 record at regional qualifying events will qualify to state. No alternates for state in debate events will be selected.

VI. INFORMATIONAL ITEMS:

- A. We have a CHSAA Hall of Fame inductee and a Sharon Wilch Lifetime Achievement Award winner.
- Marti Benham, Cherry Creek – CHSAA Hall of Fame
 - The committee has selected a recipient for 2022 – Sharon Wilch Lifetime Achievement Award winner. This name will be released at the Speech and Debate Tournament in March.
- B. Subcommittees will be created/continued as listed:
- JUDGE SUBCOMMITTEE: will continue to look at judge training, certification and the judge requirement
 - THREE CLASSIFICATION SUBCOMMITTEE: will look at logistics involved in shifting to three classifications
 - SUPPORT AND EQUITY ACCESS GROUP: will continue to look at diversity, equity and inclusion topics impacting the Speech and Debate community
- C. All subcommittees will be open to all interested coaches. There is a desire to have all regions represented on all committees. A member of each subcommittee will be invited to Speech Activities meetings to serve in an advisory, non-voting capacity.

- D. The Speech Activities Committee recommends that the CHSAA help provide resources and/or training for coaches who are interested in serving as equity officers.
- E. The Speech Activities Committee supports the recommendations of the Support and Equity Access Group to help create a more equitable competition environment for students.
- F. The handbook will be adjusted to cover the changes with the shift to three classifications.
- G. There will be a coaches' conference in the Fall. Anyone interested in helping to plan should contact Marti Benham, Renee Motter or Ashley McCulloch. A survey will go out in the Spring to seek input on conference sessions and presenters.

I. MAJOR CHANGES FROM LAST YEAR'S REPORT:

- A. Subvarsity time limit
 - No new innings after the two-hour time limit. This applies to all games (doubleheader, single game, etc.)
- B. Postseason seeding criteria
 - 1A: Each district will qualify its top two finishers in each district to regionals.
 - The next six (6) teams in the RPI/MaxPreps rankings will also make regionals. If a district has fewer than 5 teams, then it will receive only one automatic qualifier and the remaining qualifier will be selected from the RPI/MaxPreps rankings.
 - Districts champions will be seeded by RPI/MaxPreps 1-5, with the top 4 serving as regional hosts. The fifth district champion will be seeded 5th. The remaining teams will be seeded in RPI/MaxPreps order, avoiding first-round district match-ups.
 - 2A-5A: Thirty-two (32) teams qualify for the regional tournament based on RPI/Maxpreps. League Champions not in the top 32 would receive an automatic qualifying position. The eight (8) teams with the highest RPI/Maxpreps host regionals, the remaining twenty-four (24) teams will then be seeded by RPI /Maxpreps and then any first-round league match-ups will be adjusted. The bottom eight (8) teams may be moved for geographical purposes.
- C. Game minimums for postseason
 - 1A 12, 2A-3A 17, 4A-5A 19

5A REGIONAL QUALIFYING

Thirty -two (32) teams qualify for the regional tournament based on RPI/Maxpreps. League Champions not in the top 32 would receive an automatic qualifying position. The eight (8) teams with the highest RPI/Maxpreps host regionals, the remaining twenty-four (24) teams will then be seeded by RPI /Maxpreps and then any first-round league match-ups will be adjusted. The bottom eight (8) teams may be moved for geographical purposes.

CHSAA LEGISLATIVE COUNCIL COMMITTEE REPORT

January 26, 2022

BASKETBALL

Sean O'Donnell, Pagosa Springs High School
Chair

CR 14

I. MAJOR CHANGES FROM LAST YEAR'S REPORT:

- A. All seeding will use the CHSAA Seeding & Selection Index (50% MaxPreps/50% RPI).
- B. Created 6-classifications of playoff formats for boys and girls, including qualification protocols, bracket size, calendar, etc.

II. RATIONALE:

- A. Consistency with the CHSAA Board Policy and with other CHSAA team sports.
- B. First year offering 6-classifications. Needed to invent what it would look like.

III. FINANCIAL IMPACT:

- A. None
- B. None – the same number of teams are still qualifying for the postseason.

1. Identical format for boys & girls
2. District seeding will be done by the CHSAA Seeding & Selection Index (50% MaxPreps & 50% RPI). MaxPreps and RPI will be run through Districts.
3. District winners (8) advancing to the 32-team state bracket. District champions are guaranteed a top 8 (host slot) as long as they are in the top 16 of the CHSAA Seeding & Selection Index after Districts.
4. Remaining 24 teams are filled in by the CHSAA Seeding & Selection Index published after Districts.
5. Seeding criteria for the 32-team state bracket – CHSAA Seeding & Selection Index published after Districts. Seeds 9-24 are true seeded except to try and avoid league matchups in the first round only. Teams may be moved one spot up or down. Teams 25-32 may then be moved based upon geography and league matchups.
6. First two rounds of the state tournament (Regionals) will be hosted by the top seed in that quadrant of the bracket, over two days. (4- teams total). *It is strongly recommended that if a school has both girls and boys playing in Regionals, that the host school take this into consideration when scheduling (to try to allow schools to follow both genders).*
7. Teams will not be reseeded prior to the final week – state championships (final 8)
8. Top 8 teams will advance. Class 1A Great 8 will play a consolation bracket.

COMMITTEE REPORT AMENDMENT

(Requires majority vote for approval)

BASKETBALL Report

(Jeffco)

AMEND THE BASKETBALL COMMITTEE REPORT:

The Jeffco League would like to remove the 6A Classification from the 2021 & 2022 CHSAA Basketball Committee Report. The removal of the 6A classification would return boys' and girls' basketball to a 5-classification system for the 2022-2024 cycle.

Rationale:

Geography would actually be beneficially impacted by going back to classifications that would have a relatively balanced number of teams in each classification and use the current 5 classification system that is currently in place.

Pros:

1. The 6A Classification does not solve a competitive balance issue in classifications. Remaining in the current classification allows for relatively equal numbers of schools in each class and will continue to present the balance we have in other team sports.
2. Provides consistency with the initial determination of what was an appropriate number of schools before a classification was added. Colorado has not reached the number of schools that had been approved by CLOC to add another classification in sports.
3. Eliminates the damage on multi-classification leagues and the creation of more multi-classification leagues that will/has resulted and create great challenges in large leagues, forcing schools to seek different leagues for only one sport and potentially create some significant geographic issues and financial barriers.
4. Removes the opportunity for other sports to try and create an additional classification.
5. The financial impact of splitting leagues would be mitigated by having schools stay consistent in all sports to the current 5 classification system.

Cons:

1. Late change will create some challenges to the scheduling for the next two-year cycle.
2. Schools that are currently the biggest schools in their classification would likely go back to being the smaller schools in the existing system.

Bold and * - Indicates the school who is responsible for facilitating the selection of the regional site, time and site director. Regional sites will be alternated on a yearly basis. If a school has the asterisk this does not mean you have to host the regional, but you are responsible in getting the regional information to CHSAA and seeing that regional are set in all capacities.

2A Qualifying Procedure – Top 5 (five) teams - all athletes who finish in the top 15 places. Full teams must consist of 4 to 8 members (score “4”). Regionals take 20 teams.

3A, 4A, 5A Qualifying Procedure – Top 4 (four) teams - all athletes who finish in the top 15 places. Full teams must consist of 5 to 9 members (score “5”). Regionals take 20 teams.

VI. INFORMATIONAL ITEMS:

- State Cross Country will be held at the Norris Penrose/Bear creek site for the next 4 years (2020 – 2023).
- Information and data around a possible addition of a 1A classification will be compiled during the 2022 season

I. **MAJOR CHANGES FROM LAST YEAR'S REPORT:**

- A. Beginning Fall 2022 the addition of four rostered players (in uniform) added to the Gatelist for a total of 25 players in uniform and 7 essential personnel (coach, manager, trainer, videographer, etc.). Currently teams are allowed 21 players in uniform and 7 essential personnel (coach, manager, trainer, videographer, etc.).
- B. Mercy Rule will no longer include removing players from the field when a certain goal differential is achieved. Currently the clock runs when a 5-goal differential is achieved, a player is removed from the field when a 6-goal differential is achieved, a second player is removed when a 7-goal differential is achieved, and a third player is removed when an 8-goal differential is achieved. Beginning in Fall 2022, the clock will run when a 5-goal differential is achieved and at no point will players be removed from the field on the 6, 7 and 8 goal differentials.
- C. Overtime procedure changed to golden goal for both regular and postseason games with the following format: **Regular season games** - Ties in the regular season shall be broken by playing one 10-minute sudden victory overtime period with six field players and one goalkeeper (7v7) to determine a winner. If the game is tied at the conclusion of the 10-minute period, the game will end in a tie. **Postseason Games** - If a postseason game is tied at the end of regulation play, teams will play up to two 10-minute sudden victory periods consisting of six field players and one goalkeeper (7v7). If the score remains tied at the conclusion of the second overtime, a one-on-one shootout will take place to determine the winner.
- D. Beginning Fall 2022, seeding of the State Tournament Bracket will mirror the capture process using the CHSAA Selection & Seeding Index. The CHSAA Board of Directors has implemented a 50/50 split between MaxPreps and RPI Rankings to capture all State Tournament Brackets. This same formula will be used to seed the bracket for consistency.

II. **RATIONALE:**

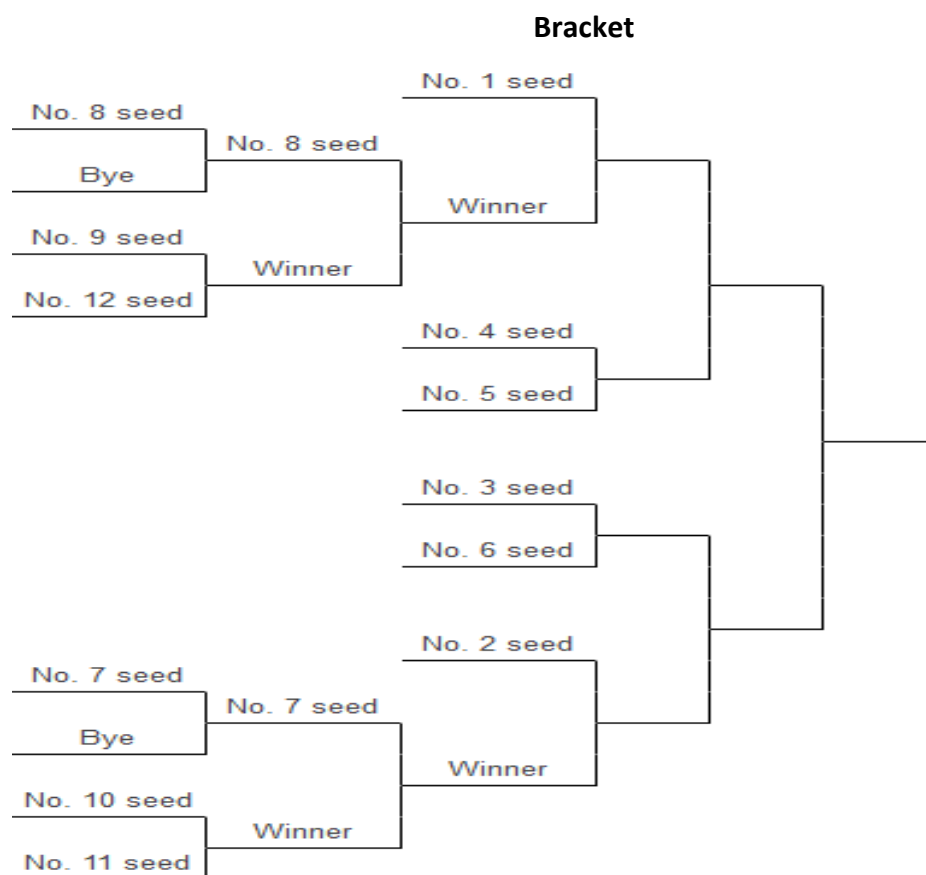

- A. Allows additional flexibility to schools with their rosters for postseason. Allows an athlete who may have been competing all year the opportunity to be on the postseason roster. Aligns the Gatelist with soccer.
- B. Committee felt strongly that removing players from the field changed the flow of the game for both teams, did not allow the team ahead to make substitutions allowing athletes that may not normally play in a varsity situation to play, and added to a potentially embarrassing experience for the team behind. Coaches Association will work on professional development with their coaches for mercy rule game situations to ensure that teams are not running up the score and are using the situation as an opportunity to play more student athletes.

- C. Align with the NCAA in their overtime procedure and increase the likelihood the game ends without the need for a one-on-one shootout.
- D. Avoids confusion for schools that see one ranking throughout the season and then a completely different ranking when the bracket is released. If the Board of Directors and the committee they put together believes that the CHSAA Selection & Seeding Index most accurately ranks the top teams in Colorado, it would only make sense to use it to seed the bracket as well.

III. FINANCIAL IMPACT:

- A. None
- B. None
- C. None
- D. None

IV. STATE TOURNAMENT:

Home Sites

The higher seeded team will be the home team throughout the playoff bracket, and will host the 1st, 2nd, and Quarterfinal Round matches. The higher seed will be designated as the home team in semifinal and final matches.

It is required by the CHSAA that postseason host sites follow all CHSAA playoff requirements included but not limited to admission and all other amenities of a championship game, including bleacher seating, lighted venue and a secure playing field for players, coaches, and officials.

Enclosed fields with suitable seating and where an admission can be charged is the preferred venue for postseason games. Field conditions must meet minimum NFHS rules and recommendations regarding size of the field. Team bench areas located on the same side of the field are expected. The field should be secured in a manner to limit fan access to players, coaches, and officials. Please refer to the NFHS rule book for securing a field from spectators.

The CHSAA is responsible for the assignment of all MATCH OFFICIALS in the State Tournament. All post-season matches are to be played as per the specific bracket dates. Host schools are responsible for the payment of officials through the quarterfinals matches.

Schools hosting contests which are on the state championship bracket may pay a fee to the CHSAA in lieu of charging admission. This fee will be set by the CHSAA and will be based on an average of the 20% of the gross sent to the CHSAA in previous playoffs. **When paying this fee, hosting schools are still responsible for any travel guarantee due to the opponent, officials' payments and other costs associated with hosting these contests. Pre-approval from CHSAA is required for implementation.**

Post Season Dates – Times

CHSAA will establish match dates. It is the desire of the CHSAA that schools **mutually establish** match times that best accommodate the interests of each school and community. Schools must consider the conditions in which the match will be played and make the best decision to accommodate the schools involved. The CHSAA will not mandate schools to play matches in conditions that are not in the best interest of the schools involved. NOTE: All **mutually established** match times are subject to final approval by the CHSAA office as needed. When mutual agreement for the match time cannot be reached, the following statements will apply:

- a. When postseason matches are to be played on a Saturday, 11:00 a.m. or 1:00 p.m. is the preferred scheduled time.
- b. When postseason matches are to be played on a weekday, 3:30 or 4:00 p.m. are preferred times for non-lighted fields. The preferred time is 6:00 p.m. for lighted fields.
- c. The Assistant Commissioner shall have the sole province to designate match times and sites, including when a school district is hosting more than one match. Conflicts, which could have a venue, academic or financial impact on the match, will be considered.
- d. All schools, both home and visitor, will be provided the opportunity to supply input in the match time scheduling process.
- e. The CHSAA postseason calendar will be adhered to when match conditions permit.

V. QUALIFYING FORMAT:

The seeding committee will be made up of the Field Hockey Committee Chair, League President, and the CHSAA Commissioner overseeing Field Hockey.

In addition to the Conference Champion, the CHSAA Selection & Seeding Index (50/50 Split MaxPreps & RPI Rankings) will be utilized to capture at-large qualifiers to the State Tournament bracket. The CHSAA Selection & Seeding Index will seed teams 1-12. There will be no movement on the bracket based on the CHSAA Selection & Seeding Index except in seeds 9-12 based on geography.

What happens if two teams are tied in the final CHSAA Selection & Seeding Index standings?

We have created a tiebreaker for this unlikely scenario. It is as follows:

1. Head-to-Head result between the two teams
2. Highest ranked team in the MaxPreps Rankings
3. Highest ranked team in the RPI Rankings
4. Coin flip

VI. FIELD HOCKEY POLICIES:

Mercy Rule

- a. Once a 5-goal differential between the teams is reached, the official clock will run for the remainder of the game after goals and referee's disciplinary action. The clock will only stop for a team or injury timeout. The clock will continue to run even if the goal differential goes below 5 goals.
- b. The game WILL NOT be ended early due to goal differential.

Tiebreaking Procedure in Regular Season (League & Non-League Games) - Ties in the regular season shall be broken by playing one (1) golden goal 10-minute period. Teams play a 10-minute overtime period with a team of six field players and one goalkeeper (7v7). The teams do not change goals at the end of the regular game. The winner of the coin toss chooses whether to take possession of the ball. The overtime is considered over when someone scores or the time has expired. Games may end in a tie, but only after the 10-minute period has been played.

Tiebreaking Procedure in Postseason Games

1. Play a 10-minute golden goal overtime period with teams of **six** field players and one goalkeeper (**7v7**).
2. If no one has scored at the end of the first overtime period the teams will change ends and will play a second 10-minute golden goal overtime period with **six** field players and one goalkeeper (**7v7**). If no one scores in either the first or second overtime periods, move to One-on-One's.
3. One-on-One - A series of five shots on goal shall be taken by individual players in a one-on-one situation (attackers vs. goalkeeper). To begin this procedure, the attacker stands

on the 25-yard line and the goalkeeper stands on the goal line. Play continues for 10 seconds with follow-up shots permitted.

Maximum Student Participation: A student may not participate in more than 72 quarters exclusive of state qualifying games. Example: A player who played 16 JV quarters and 60 Varsity quarters would've violated this rule.

Maximum Team Contests: No member school shall permit any of its field hockey teams to participate in more than 15 games exclusive of state playoffs.

NO Overtime for JV/Sub-Varsity: If tied at the end of regulation, the game will end in a tie.

If any member schools elect to play junior varsity schedules ONLY, they will not be included in the CHSAA state championship postseason tournament.

FIELD HOCKEY CUMULATIVE YELLOW CARDS

- A field hockey player who receives a third, fourth, fifth, etc., yellow card during the regular season will not be eligible to compete in the next regular season contest of the same level following the game in which she received the third, fourth, fifth, etc. yellow card.
- At the end of the regular season, all yellow cards accumulated to that time will be cleared.
- Each player who accumulates a third, fourth, fifth, etc. yellow card during any portion of the playoffs (district, regional or state level competition) will be suspended from competition for the next contest of the same level following the game in which she received her third, fourth, fifth, etc. yellow card. The player may complete the game in which she received the third yellow card.

VIII. INFORMATIONAL ITEMS:

- A. Officials Report - The CFHUA President Larry Zappone informed the committee that CFHUA had 5 new registered officials for the 2021 Season with 22 total active. There were 318 games this season and we had two officials assigned to EVERY game. CFHUA will be active in recruiting officials in the winter and spring. Encourage coaches to

evaluate their contest officials. CFHUA plans for more training of officials in the spring and summer.

- B. Coaches Association Report – Kathy James (President, Kent Denver) will be retiring at the end of the school year. The Committee thanked her for her contribution to the sport. She is excited about the growth of the sport and potential for new programs being added.

IX. COMMITTEE MEMBERS:

Lance McCorkle, Chair, Palmer Ridge; **Brynn Thomas**, Cherry Creek; **Michael Tasker**, Denver East; **Jessica Nerkowski**, Liberty High School; **Jeff Hollway**, Kent Denver; **Jon Hill**, Colorado Academy.

2021-2022

FOOTBALL COMMITTEE

Chair: Chris Noll

CR 17
Report No.

I. MAJOR CHANGES FROM LAST YEAR'S REPORT:

- A. Make '21 Summer Camp rules permanent. Choice of 10-day contact camp between Memorial Day and August 1st, or, start fall practice one week earlier with an additional scrimmage date.
- B. Postseason format:
 - 5A, 4A, 3A, 8man high seed hosts until finals.
 - 2A & 6man high seed hosts semi-finals.
 - 1A higher seeds host round one and home team at each subsequent playoff game shall be that team which has had the fewer home games during the state playoffs. If both teams have had an equal number of home games the team with the higher designation will host that game.
- C. Updated seeding criteria:
 - Two sources of data will be collected and used when seeding teams for the playoff bracket: RPI Ranking System and MaxPreps with each source of data collected at the end of the regular season will be equally weighted. Packard Poll and Coaches Poll are eliminated from seeding criteria data.

II. RATIONALE:

- A. More options for schools that have student-athletes that participate in multiple sports to attend other camps/clinics during the summer.
- B. Survey data from membership.
- C. Reliability and long-range viability of each data point eliminated.

III. FINANCIAL IMPACT:

- A. None
- B. Potential for more travel throughout the postseason for 4A, 3A, 8man. Potential for more postseason travel in 2A and 6man semi-finals.
- C. None

IV. INFORMATIONAL ITEMS:

- A. Scrimmage verbiage to be changed to each student-athlete is allowed one scrimmage date (or two if electing fall camp vs. summer contact camp).

CHSAA LEGISLATIVE COUNCIL COMMITTEE REPORT
October 12, 2021

GOLF

Chad Eisentrager, Mead High School
Chair

CR 18

I. Major Changes/Recommendations:

A. To establish a Team IWR ranking, each varsity golf team must have recorded a minimum of six 18-hole rounds by the Monday, three weeks before the start of the regional tournaments. Both individual and team IWRs will be calculated using the best six 18-hole rounds established at that time. The Top 8 IWR 3A and 4A teams will be determined on that Monday at 7p. The 8 teams will then be distributed competitively in each of their classification's regions. Geographical considerations will be the top priority. **Exception:** During the girls season only, if a significant number of scheduled events for all teams have been reduced because of weather related issues, the minimum number of required rounds needed to establish an IWR ranking will be adjusted by the Golf Committee on that Monday.

B. Exempt to state any Top 6 IWR regular season player who competed in at least 6 CHSAA regular season varsity events but missed the cut in his or her regional tournament to participate at state.

II. RATIONALE:

A. 1. A precise deadline was needed for when an IWR ranking would be calculated. 2. Weather always negatively impacts the girls' season.

B. This outcome would be rare but establishes a reasonable but difficult way to exempt a deserving golfer to the state competition.

III. FINANCIAL IMPACT:

A. None

B. None.

IV. Points of Emphasis:

A. Regional tournaments should be posted in the bulletin at least 10 days prior to their scheduled play date so that teams can reasonably arrange practice round.

B. Regional tournaments with significant travel for the majority of teams should be scheduled on Monday with practice rounds on Sunday

C. 'When a player reaches the green to putt, all coaching must cease until the players have holed out. Read this statement at all pre-round coach and player meetings.

IV. INFORMATIONAL ITEMS Added to the bulletin:

Adding more qualifiers was discussed. The Colorado Golf Association as well as other state associations golf championships qualify 84 participants to their state culminating event. Changing the scoring format to 5 score 4 would require a restructure of regional tournaments. Adding a 5th member to a regional team would increase the number of participants at a regional and further hinder securing regional golf courses. The following statistics indicate a well-represented state championship: 2020 Girls State----3A - 36 Schools 13 Teams 5 with(4) 8 with(3) 17 with(2) 6 with(1) 4A - 44 Schools 15 Teams 21(1) 11(2) 6(3) 6(4) 5A - 34 Schools 16 Teams 8(4) 8(3) 10(2) 8(1) and 2021 Boys State---- 3A - 41 Schools, 13 Teams 18 (1) - 10(2) - 6(3) - 7(4) 4A Total 37 Schools 15(1) 7(2) 5(3) 10(4) 5A - Total 36 Schools 11(1) 10(2) 7(3) 8(4)

VI. QUALIFYING FORMAT AND REGIONAL ASSIGNMENTS:

A. Girls and Boys Golf Qualifying:

1. Qualifying Formats

- a. Classification - Boys, 3A (1-742); 4A (743-1520); 5A (1521 and up).
- b. Classification - Girls, 3A (1-742); 4A (743-1520); 5A (1521 and up).

2. Teams and Individual Qualifiers

- a. There are 84 state qualifiers for 3A, 4A, and 5A. Each regional tournament will have 2 full teams and 13 individuals not on a team. 5A Boys and Girls Regionals are seeded from league standings.
- b. The 4th Team Qualifier for all classes, boys and girls, the highest scoring member of a qualifying team must score 10 strokes or less from that of the last individual qualifier not on a team to qualify with his team. If the highest scoring member of the team(s) that qualifies is more than 10 strokes from the last individual qualifier's score, the 4th team member will be dropped and replaced by the next highest individual not on a team from that regional tournament. A team can compete for team points as a 3-member team.
- c. A team competing in the state championship is an automatic qualifying team for placing 1st or 2nd in their regional championship; or is an individual qualifying team because 3 or 4 of its team members qualified through one of the 13 individual qualifiers in a regional championship. An automatic qualifying team may substitute for one its top three regional play members for any reason. The substitute may be any school team member from its automatic qualifying team. The 4th member of the automatic qualifying team became a member of the automatic qualifying team because he or she posted a regional score within ten strokes of the 13th individual qualifier in the regional championship and therefore may not be replaced/substituted. An individual qualifying team may not substitute for one of its qualifying team members. If an individual qualifying team member's spot becomes available, a substitute shall be the 1st or 2nd alternate or the individual with next best posted score from in the region.

Each 5A regional tournament will be made up of schools placed by their league finish. The deadline for the submission of league finishes is at least one week prior to the start of regional tournaments. Each region will have two (2) automatic team qualifiers and thirteen (13) individuals not on a team. A league or league school is responsible for hosting the regional tournament as noted on the regional template. It is recommended that an intra-league rotation of hosts schools be set-up and filed with the CHSAA Golf Commissioner.

*The league hosting rotation is shown below. Each League will develop an individual hosting school rotation.

- 2015-2016, 2017-2018, 2019-2020 (odd years), etc. – Pikes Peak, Centennial, Front Range.
2016-2017, 2018-2019, 2020-2021 (even years), etc. – Continental, Denver, East Metro
- 2016-2017, 2017-2018, 2019-2020, 2020-2021, etc. Jeffco (two years in succession)
2015-2016, 2018-2019, 2021-2022, etc. Southwestern (every three years)

VII. POLICIES (Boys & Girls): underline below is new or an emphasis.

- No more than two CHSAA registered coaches may coach anytime during the players' round tee to green. When a player has reached the green to putt, he or she may not be coached. If a coach is not wearing a coach's tag, he or she is deemed a spectator and must not be coaching any player or walking in the fairway.
- Schools that qualify three golfers as individuals to the state tournament may compete as a team, but no substitutions can be made for these golfers because in actuality their status is that of individual qualifiers.
- C. The CJGA will provide rules officials for all regional and state tournaments.
- D. All competitors must wear a golf-type shirt with a collar and sleeves (no sleeves required for girls). A mock-turtle neck shirt can be worn in lieu of a collared shirt. School identification must be on the shirt.
- E. Competitors may wear tailored shorts or slacks in all events, but they must be of the dress variety. Denim blue jeans, cutoffs, spandex, physical education or running-shorts, or short-shorts will not be allowed. During the regular and postseason, slacks, shorts, or skirts must have a hemline no shorter than the student's fingertips when their arms are down by their side. If the player is not in compliance when checking in for a tee time, the starter can have the player change the illegal attire or be disqualified. Coaches are responsible for their player's attire.
- F. Golfers may not use caddies or motorized carts. Noisemakers and radios are not allowed. A range finder device designed only for measuring distances may be used. Players may share a range finder device.
- G. Players will follow the CHSAA Code of Ethics as it relates to the non-use of chemicals, alcohol, tobacco and other mood-altering substances. They will also be expected to follow the highest standards of sporting behavior; gambling, club throwing, and the use of abusive language will not be tolerated.
- H. Any negative sporting behavior will be dealt with in the following manner during a meet:
First Offense - a warning will be given
Second Offense - disqualification from the event
NOTE: Any act deemed to be flagrant could result in an immediate disqualification.
- I. An observer, who may be a parent, is required to follow each playing group. The observer is charged with entering scores on the CHSAA Golf App.
- J. This is a team competition with a concurrent individual competition. Should a team member incur a penalty of disqualification for breach of the USGA Rules of Golf, the golfer is disqualified from the individual competition but may compete as a team member.
- K. Coaching/Giving Advice is allowed on the course as per Item A only. It is the responsibility of players to know the rules and any breach of the rules of giving advice or giving information is subject to loss of two strokes.
- L. Regional tournaments may use the team wave format as an alternative method of pairing golfers.

- M. The CHSAA supports and encourages team play in golf.
- N. The 4th qualifying golfer on a team within 10 strokes of the last qualifying individual golfer is part of team concept advocated by the CHSAA in all its sports and activities.
- O. Tournament directors are encouraged to contact the CGA to get advice on controlling pace of play. The CGA will help setup the course. Note that coaches are not to collect score cards.
- P. For regional tournaments the regional host must secure backup dates.
- Q. Players should ensure that any electronic device taken onto the course does not distract other players. The use of an electronic device such as a mobile phone, hand-held computer, calculator, television or radio is not of itself a breach of USGA Rule 14-3 and can be used for: matters unrelated to golf (e.g., to call home); accessing information on advice-related matters produced prior to the start of the player's round (e.g., an electronic yardage book, swing tips); accessing (but not interpreting or processing) playing information from previous rounds (e.g., driving distances, individual club yardages, etc.); obtaining information related to the competition being played (e.g., the leaderboard or projected "cut"). During the stipulated round the penalty is: First offense – Warning; Subsequent Offense – Disqualification/Removal from the course.
- R. "Advice" is any counsel or suggestion that could influence a player in determining his play, the choice of a club or the method of making a stroke.
Information on the Rules, distance or matters of public information, such as the position of hazards or the flagstick on the putting green, is not advice.
Players on a team are not considered to be partners no matter if they are in a group, together or not, they may share information but may not share advice. Player A can give advice to a coach that can be relayed to Player B but the advice cannot be shared between A and B directly.

VII. 2020-2021 RECOMMENDATIONS/POINTS OF EMPHASIS (Boys & Girls):

- A. In the continued interest of growing girls' golf, school districts should make every effort to form separate school golf programs.
- B. Regional and state tournament directors must have adequate forecaddies and other volunteers.
- C. During both the regular and playoff season, golf coaches should coach and supervise his or her golf team while on the course. Tournament directors should create duties for coaches during the event who are not coaching their golfers. The golf committee strongly recommends against coaches playing a round of golf at high school matches and tournaments unless it is a coaching exercise with his or her players.
- D. Regional directors should rank order teams by the total score of three of the four golfers received prior to the regional tournament and then set tee times using the wave format.
- E. Regional tournament directors must list two alternates when reporting the results of the tournament to CHSAA. Alternate Ties must be played off.
- F. Standards of integrity and the rules of game will be addressed at all levels for all tournament play during both the regular and playoff season. Because golf etiquette is second nature to the sport of golf, a "care of the course" effort should be the concluding activity of every tournament. A hole should be assigned to each team and all divots replaced or filled in with sand and all pitch marks on the green repaired.
- G. Coach should ask the PGA professional at the site of where the team practices and plays so he or she can conduct an etiquette seminar and rules seminar for the golf team(s).
- H. State course set-up changes and updates must be shared with coaches by the Sunday coaches' meeting.
- I. Courses selected for a state championship must work diligently to make the event the best possible and should include a dinner with a notable keynote speaker who can provide inspiration and congratulations to the participants and coaches.

- J. At all mandatory rule meetings, the CGA/CWGA will provide all golf coaches with enough rule books for their teams. All golfers should have a rule book. The Golf Committee strongly recommends that all golf coaches and players take the USGA online rules test prior to the start of the season.
- K. All regions should have a written plan of the rotation of schools hosting the regional tournament.
- L. Hosts of championship events should plan a dinner to attract all coaches to the rules meeting. The dinners engender good will and camaraderie.
- M. State tournament sites should have adequate banquet facilities to service golfers making the turn without significant delays.
- N. An alternate will be allowed to play in the state championship only if to replace a scratched state qualifier from that alternate's regional tournament. A second alternate will be allowed to play only if the first alternate agreed to scratch or was already placed in the tournament.
- O. Media coverage of the sport of golf is essential. Those persons in charge of league statistics and tournament scoring results should be in constant contact with newspapers in their area.
- P. It is highly recommended that 5A league play be completed at least one week before the Monday of the start of regional tournaments.
- Q. If a regional or state tournament is held at a private course it must first guarantee that practice rounds be made available both the Saturday and Sunday before the tournament. It is recommended that a practice round be offered prior to the weekend of the tournament.

V. GIRLS' QUALIFYING FORMAT, 1A-4A SCHOOLS:

A. 4A Qualifying Standards

Regionals will be seeded by a committee made up of members of the gymnastics committee.

Each 4A school will be placed in a 5A region but will compete as a 4A school for team and individual qualification.

The seeding criteria is: Average of the 3 highest team scores submitted to CHSAA through the Saturday of Week 15 will be used for placement in the rotation located under the 5A qualifying criteria. Note: The 6 4A teams that have the highest average score will be placed as shown. Teams seeded below 6 can be placed in a regional based on geography, missed school time or other special needs.

4A INDIVIDUAL QUALIFYING

The top three (3) individuals on each event from each regional, not on a state qualifying team plus the top nine (9) individuals on each event regardless of regional (not on a state qualifying team) will qualify for the state tournament (3 groups of 6 individuals – 18 total)

4A TEAM QUALIFYING

Nine (9) teams will qualify to compete at the state championships. The top team score in each regional plus the next six (6) best team scores regardless of regional shall qualify for state.

5A INDIVIDUAL QUALIFYING

The top two (2) individuals on each event from each regional, not on a state qualifying team plus the top six (6) individuals on each event regardless of regional (not on a state qualifying team) will qualify for the state tournament (2 groups of 6 Individuals per event – 12 total).

5A TEAM QUALIFYING

Ten (10) teams will qualify to compete at the state championships. The top team score in each regional plus the next 7 best team scores regardless of regional shall qualify for state.

IX. STATE ASSOCIATION ADOPTION OF NF PLAYING RULES:

Block Style of Competition

Tie Breaker System

Only 6 team members may compete regardless of how many qualify

X. INFORMATIONAL ITEMS:

1. All teams must submit a team roster to the CHSAA Office by September 6. Any individual must compete in a minimum of five meets during the regular season to be eligible to compete in the regional and state meets. Waivers for injuries and other issues can be filed with the Assistant Commissioner in charge of gymnastics.
2. All regionals shall use the same computer scoring system.
3. The 16th qualifier in each event (4A and 5A) will warm-up for finals in the event of an injury to a top 15 athlete.
4. Competitors Scores, per rule 3-2-1. The CHSAA has determined that no more than 6 per event shall count toward team scores. Those 6 competitors shall be identified prior to competition.
5. Coaches are responsible for entering all regular season gymnastics meet scores on CHSAANow. The site will be monitored to ensure all scores are posted.

CHSAA LEGISLATIVE COUNCIL COMMITTEE REPORT
April 21, 2022

ICE HOCKEY

Larry Bull, Cherry Creek Schools
Chair

CR 20
Report No.

I. MAJOR CHANGES FROM LAST YEAR'S REPORT:

- A. Beginning Winter 22-23, seeding of the State Tournament Bracket will mirror the capture process in each classification (4A & 5A) using the CHSAA Selection & Seeding Index. The CHSAA Board of Directors has implemented a 50/50 split between MaxPreps and RPI Rankings to capture all State Tournament Brackets. This same formula will be used to seed the bracket for consistency.
- B. Beginning Winter 22-23, Mandatory cross-over games between the 4A Mountain League and one (rotating) 4A League each cycle.
- C. Beginning Winter 22-23, at the conclusion of regulation in the postseason only, there will be an ice resurface before the start of overtime if the game is tied. Teams will play three 8-minute 5v5 sudden victory overtime periods before the next ice resurface, where they would return playing 4v4 sudden victory periods of 8 minutes. There would continue to be three overtime periods before each ice resurface.

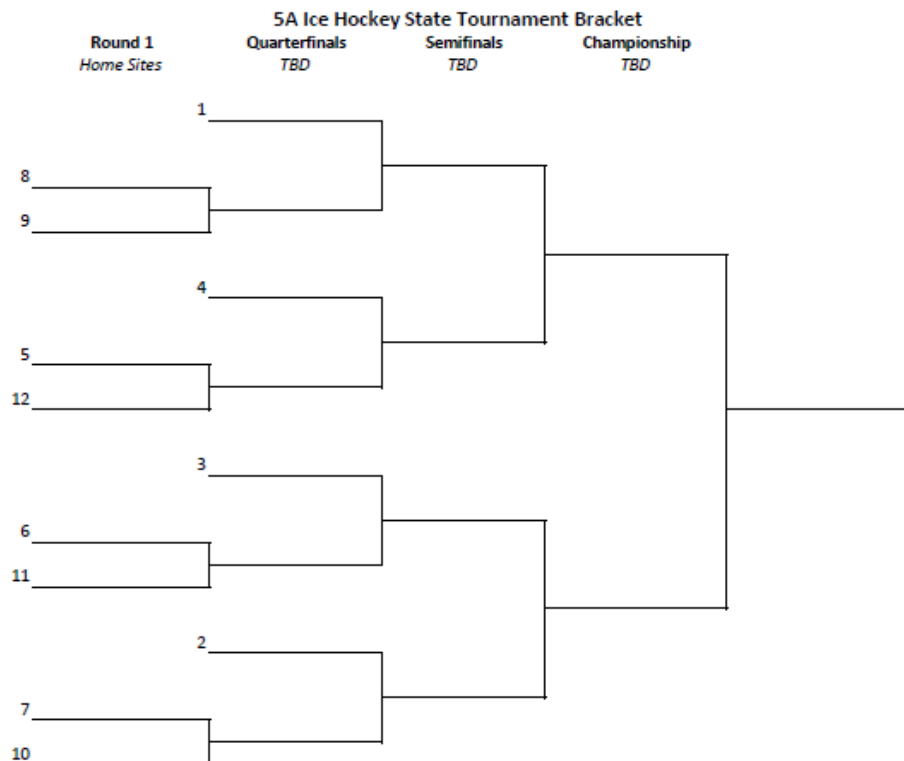

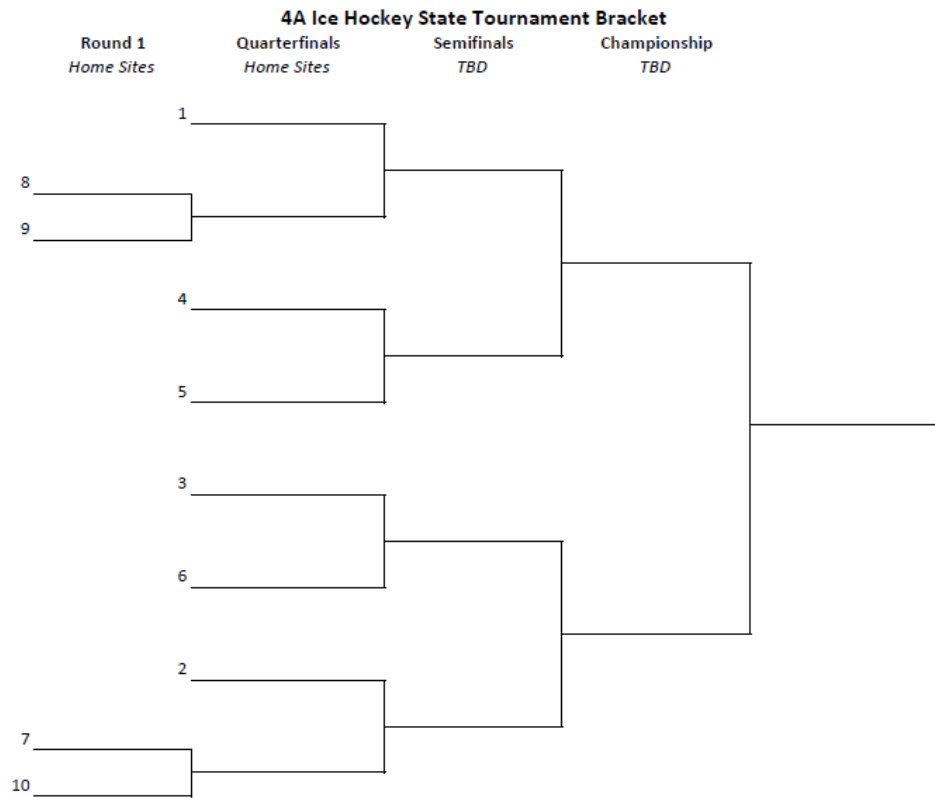

II. RATIONALE:

- A. Avoids confusion for schools that see one ranking throughout the season and then a completely different ranking when the bracket is released. If the Board of Directors and the committee they put together believes that the CHSAA Selection & Seeding Index most accurately ranks the top teams in Colorado, it would only make sense to use it to seed the bracket as well.
- B. Mountain League schools continuously struggle to find non-league games each season. Requiring one 4A League to cross-over and play the 4A Mountain League ensures a near full schedule for the Mountain League. With the rotation of leagues, no school will travel to one particular Mountain League school more than once in a four-year period.
- C. Ice quality in overtime was not to the standard of the level of a postseason contest. Resurfacing allows for fresh ice to start overtime. The addition of one additional 5v5 overtime period allows for the game to end in a more natural format.

III. FINANCIAL IMPACT:

- A. None
- B. Potential for added travel costs to 4A non-Mountain League schools that were not already playing Mountain League schools in their non-league. Potential cost savings for Mountain League schools that struggled to find non-league games and were forced to travel for non-league opponents.
- C. Depending on the facility, teams could need additional ice reservation time for playoffs.

IV. STATE TOURNAMENT:

Home Sites

The higher seeded team will host 4A/5A First round and 4A Quarterfinal round games. The higher seeded team will be designated as the home team throughout the playoffs.

Although it is necessary that one team be designated as the home team at common sites, it shall be kept in mind that the game belongs equally to both competing schools. It is strongly advised that a pre-game planning meeting be held to cover all details connected with the staging of every postseason contest.

Post Season Dates – Times

CHSAA will establish contest dates throughout the playoffs and times in all neutral site venues (5A Quarterfinals, 4A/5A Semifinals and Finals). When games hosted by a school, it is the desire of the CHSAA that schools **mutually establish** game times that best accommodate the interests of each school and community. NOTE: All **mutually established** game times are subject to final approval by the CHSAA office as needed. When mutual agreement for the match time cannot be reached, the following statements will apply:

- a. The Assistant Commissioner shall have the sole province to designate contest times and sites, including when a school district is hosting more than one contest. Conflicts, which could have a venue, academic or financial impact on the contest, will be considered.
- b. All schools, both home and visitor, will be provided the opportunity to supply input in the contest time scheduling process with the exception of 5A Quarterfinals and 4A/5A Semifinals and Finals.

V. QUALIFYING FORMAT AND ASSIGNMENT BY CLASS:

The seeding committee will be made up of one (1) administrator from each league in each classification. The administrator shall be selected by the league president and nominated to the CHSAA office for approval.

Teams are required to play each team in their conference twice with both games counted toward the final regular season standings to determine the conference champion. Each conference will be responsible for their regular season schedule. Games will be scheduled on a two-year cycle with reverse home and away contests or home/home and away/away contract.

Each league will receive one automatic qualifier. In addition to league automatic qualifiers, the CHSAA Selection & Seeding Index will be utilized to capture at-large qualifiers to the State Tournament bracket. League automatic qualifiers not ranked in the top 12 teams by CHSAA Selection & Seeding Index in 5A and the top 10 in 4A, will replace the lowest ranked non-automatic qualifiers in the top 12 (5A) and top 10 (4A) in CHSAA Selection & Seeding Index. The CHSAA Selection & Seeding Index will seed teams 1-12 in 5A and 1-10 in 4A. There will be no movement 1-4 for 4A/5A on the bracket based on the CHSAA Selection & Seeding Index. The placement of 5A teams listed 5-12 and 4A teams listed 5-10 may be moved on the bracket due

to geography and first round league opponents. The Seeding Committee will avoid league matchups in the 1st Round ONLY.

- A designated liaison will forward the final conference regular season standings to CHSAA on Saturday, February 18 (by 10:00 p.m.) for placement on the play-off bracket.
- The highest ranked team using the new seeding formula will be the home team for all rounds.
- League Champions are crowned by using the total point accumulation system of 2 points for a win, 1 point for a tie, 0 points for a loss in their league games.

What happens if two teams are tied in the final CHSAA Selection & Seeding Index standings?

We have created a tiebreaker for this unlikely scenario. It is as follows:

1. Head-to-Head result between the two teams
2. Highest ranked team in the MaxPreps Rankings
3. Highest ranked team in the RPI Rankings
4. Coin flip

VI. ICE HOCKEY POLICIES:

Mercy Rule – The goal differential rule is in effect for all regular season and CHSAA bracket post-season tournament games with the exception of the State Semifinal and Championship games. A running clock shall be used when the goal differential reaches 6 goals. The clock will only be stopped during the mercy rule for: injury; end of period. If the goal differential is reduced to 5 goals, the regular game timing resumes. During the period of the use of running game clock, the penalty should begin at the next drop of the puck and count down to the end of the penalty time assessed.

Overtime Procedure – With the score tied at the conclusion of regulation time: There will be an ice resurface, followed by an (8) eight-minute sudden victory (first goal scored) period. If the score remains tied following the first (8) eight-minute overtime period, a one-minute intermission will follow. Teams will change ends, followed by an (8) eight-minute sudden victory (first goal scored) period. If the score remains tied following the second (8) eight-minute overtime period, a one-minute intermission will follow. Teams will change ends, followed by an (8) eight-minute sudden victory (first goal scored) period. If the tie is not broken, the teams will have a full intermission and ice resurface. When the teams return to the ice, the period(s) will remain sudden victory (8) minute periods playing 4-on-4 for all remaining overtime period(s). Ice resurfacing will take place following three (8) eight-minute overtime periods.

Regular Season Overtime Procedure – There will be a 1-minute break (stay on same side). One 5-minute sudden victory overtime period (first goal scored). After this 5-minute overtime period still tied the game will end in a tie. NO OVERTIME for JV games.

Minimum Student Participation – Athletes, must be eligible, on the roster, in uniform, and on the bench for all three periods to meet the CHSAA 13-game per athlete minimum game requirement to compete in playoffs. This includes the goalie and the back-up goalies.

Do sub-varsity games count toward my total games in uniform?

Yes, if a player has participated in a combination of 13 sub-varsity and varsity contests, they will be postseason eligible.

If the player has participated in only sub-varsity contests, they will need to have participated in 65% of the scheduled sub-varsity contests to be postseason eligible and not have participated at any level of club winter hockey.

Maximum Team Contests – No member school shall permit their varsity ice hockey team to participate in more than 19 games during a season, exclusive of the state tournament. No sub-district or district tournaments may be scheduled (CHSAA Bylaw 3600 Page 119 of CHSAA Handbook). Sub-varsity teams may schedule a maximum of 15 games.

Players can compete in 72 total periods (combined varsity/sub-varsity) for the regular season. Example: A player who played 21 JV periods and 54 Varsity periods (75 total periods) would've violated this rule.

Length of Game – REGULAR SEASON VARSITY GAME: Three (3) seventeen-minute periods.

REGULAR SEASON SUB-VARSITY GAME: Three (3) fifteen-minute periods. One ice-resurface (between 1st and 2nd periods) can be eliminated if both coaches agree it is in the best interest of the contest. There will be no overtime periods at the sub-varsity level.

4A/5A Boys Lacrosse State Playoff Bracket

Home Sites

In all classifications the higher seeded team will be the home team throughout the playoff bracket, and will host the 1st, 2nd, and Quarterfinal Round matches. The higher seed in all classifications will be designated as the home team in semifinal and final matches.

It is required by the CHSAA that 4A/5A Quarterfinal post-season host sites follow all CHSAA playoff requirements including, but not limited to charging admission and all other amenities of a championship game, including bleacher seating, lighted venue and a secure playing field for players, coaches and officials.

The CHSAA is responsible for the assignment of officials in ALL ROUNDS of the state tournament. All post-season matches are to be played as per the specific bracket dates in each classification. Host schools are responsible for the payment of officials through the quarterfinal matches in each classification.

It is the responsibility of each league representative to correctly list the Automatic Qualifiers from their respective league in applicable classifications and verify that they appear on the tournament bracket.

Schools hosting contests which are on the state championship bracket may pay a fee to the CHSAA in lieu of charging admission (except for 4A/5A Quarterfinals). This fee will be set by the CHSAA and will be based on an average of the 20% of the gross sent to the CHSAA in previous playoffs. **When paying this fee, hosting schools are still responsible for any travel guarantee due to the opponent, officials' payments and other costs associated with hosting these contests. Pre-approval from CHSAA is required for implementation.**

Post Season Dates – Times

CHSAA will establish match dates. It is the desire of the CHSAA that schools **mutually establish** match times that best accommodate the interests of each school and community. Schools must consider the conditions in which the match will be played and make the best decision to accommodate the schools involved.

NOTE: All **mutually established** match times are subject to final approval by the CHSAA office as needed. When mutual agreement for the match time cannot be reached, the following statements will apply:

- a. When post-season matches are to be played on a Saturday, 1:00 or 3:00 p.m. is the preferred scheduled times.
- b. When post-season matches are to be played on a weekday, 4:00 p.m. is the preferred time for non-lighted fields. The preferred time is 6:00 p.m. for lighted fields.
- c. The Commissioner shall have the sole province to designate match times and sites, including when a school district is hosting more than one match. Conflicts, which could have a venue, academic or financial impact on the match, will be considered.

- d. All schools, both home and visitor, will be provided the opportunity to supply input in the match time scheduling process.
- e. The CHSAA post-season calendar will be adhered to when match conditions permit. When available, host schools shall attempt to locate an artificial turf site that will be as an alternative to stay on schedule.

V. QUALIFYING FORMAT AND ASSIGNMENT BY CLASS:

The seeding committee will be made up of one (1) administrator from each league in each classification. The administrator shall be selected by the league president and nominated to the CHSAA office for approval.

In addition to league automatic qualifier, the CHSAA Selection & Seeding Index (50/50 Split MaxPreps & RPI Rankings) will be utilized to capture at-large qualifiers to the State Tournament bracket. League automatic qualifiers not ranked in the top 24 teams by the CHSAA Selection & Seeding Index in 4A/5A will replace the lowest ranked non-automatic qualifiers in the top 24 in the CHSAA Selection & Seeding Index. The CHSAA Selection & Seeding Index will seed teams 1-24 in 4A/5A. There will be no movement 1-16 for 4A/5A on the bracket based on the CHSAA Selection & Seeding Index. The placement of 4A/5A teams listed 17-24 may be moved on the bracket due to geography and first round league opponents. The Seeding Committee will avoid league matchups in the 1st Round ONLY.

4A/5A Playoff Qualifying Procedures – Each league will receive one automatic qualifier. League automatic qualifiers not ranked in the top 24 teams by the CHSAA Selection & Seeding Index, will replace the lowest ranked non-automatic qualifiers in the top 24 in CHSAA Selection & Seeding Index. The CHSAA Selection & Seeding Index will seed teams 1-24. There will be no movement for teams 1-16 on the bracket based on the CHSAA Selection & Seeding index. 3. Highest ranked team in the RPI Rankings
4. Coin flip

VI. BOYS LACROSSE POLICIES:

Mercy Rule – The goal differential rule is in effect for all regular season and CHSAA bracket post-season tournament games except for the State Championship game. A running clock shall be used when the goal differential reaches 12 goals in the second half (including penalties). The

clock will only be stopped during the mercy rule for: team timeout, officials' timeout, injury or end of period. If the goal differential is reduced to fewer than 12 goals, then normal play will resume.

Overtime Procedure – In the event of a tie at the end of regulation, play shall be continued, after a 2-minute intermission with sudden victory overtime. In sudden victory overtime, the teams shall play periods of four minutes each until a goal is scored. The game ends upon the scoring of the first goal. There will be a 2-minute intermission between sudden victory periods.

NO overtime for JV/Sub-Varsity: If tied at the end of regulation, the game will end in a tie.

Interruption of Game – If a game is interrupted by events beyond the control of the responsible authorities, it shall be continued from the point of interruption unless there are conference, league, or state association rules to cover the situation. Both teams are permitted to make roster changes. By mutual agreement of the opposing coaches and approval of the referee, any period may be shortened, or the game terminated.

Maximum Student Participation – A student may not participate in more than 72 periods (across all levels) exclusive of district and state tournaments. Example: A player who played 20 JV periods and 60 Varsity periods would've violated this rule.

Maximum Team Contests – No member school shall permit its Boys Lacrosse team to participate in more than 15 regular season games. Further, no member school shall permit its lacrosse team as a representative of the school to play after the state championship tournament has been completed (CHSAA Bylaw 2300.1 & 3920).

Length of Game - The regulation playing time of a high school varsity Boys Lacrosse game should be four periods of 12 minutes.

There shall be 2-minute intervals between the first and second periods and between the third and fourth periods of the game. The intermission between the second and third periods (halftime) shall be 10 minutes.

Uniforms – The home team must wear white or light-colored jerseys; the visiting team must wear dark colored jerseys. If your school has only one set of uniforms, it is then your responsibility to bring pull-over practice vest pennies.

- 2. Highest ranked team in the MaxPreps Rankings
- 3. Highest ranked team in the RPI Rankings
- 4. Coin flip

VI. GIRLS LACROSSE POLICIES:

Mercy Rule – If a team is leading by 10 or more goals, the clock will continue to run after goals and when there is a foul called in the critical scoring area during the last two minutes of each half. If time runs out prior to the complete administration of a free position, then it shall not be administered. If the difference becomes less than 10 goals, the clock will resume stopping for fouls in the critical scoring area.

Overtime Procedure – When the score is tied at the end of regular playing time and overtime is to be played, both teams will have a five-minute rest and toss a coin (visiting captain calls) for choice of ends. The alternate possession shall continue from regulation. The game will be restarted by a center draw. The winner will be decided by “sudden victory.” The team scoring the

first goal wins the game. Each overtime period shall be two three-minute halves. The clock stops on official time-outs or fouls in the critical scoring area. After the first half of the overtime period, teams shall change ends with no delay for coaching. The game will be restarted by a center draw. If the teams are still tied after six minutes have elapsed, the teams will have a three-minute rest and change ends. Play will continue with "sudden victory" until a winning goal is scored. Each overtime period shall be two three-minute halves. After the first half of the overtime period, teams shall change ends with no delay for coaching.

NO overtime for JV/Sub-Varsity: If tied at the end of regulation, the game will end in a tie.

Interruption of Game – Once play begins the officials shall have the authority to interrupt or suspend the game due to dangerous weather or field conditions. The official's decision is final. A game is considered legal and complete if 80 percent of playing time has elapsed. An interrupted game continued on the same day shall be restarted from its point of interruption.

Maximum Student Participation – A student may not participate in more than 36 halves (across all levels) exclusive of the state tournament. Example: A player who played 18 JV halves and 20 Varsity halves would've violated this rule.

Maximum Team Contests – No member school shall permit its Girls Lacrosse team to participate in more than 15 regular season games. Further, no member school shall permit its lacrosse team as a representative of the school to play after the state championship tournament has been completed (CHSAA Bylaw 2300.1 & 3920).

Length of Game – The maximum regulation playing time is 50 minutes divided into two halves, or such time as agreed upon by the coaches. Halftime will be 10 minutes but may be less than 10 minutes if agreed upon by the coaches prior to the start of the game. Players must change ends to begin the second half.

Uniforms – Jerseys shall be of contrasting colors for opposing teams. The coaches/schools shall agree upon uniform colors prior to the day of the game. If both teams have uniform jerseys of the same or similar color, the home team shall be obligated to change or wear numbered pinnies of a contrasting color. Home team jerseys shall be light and visitor jerseys shall be dark.

VI. STATE QUALIFYING:

QUALIFYING REQUIREMENTS ALPINE

To qualify for state championships for Alpine in a specific discipline (GS or Slalom), a skier needs to be eligible and qualified in that specific discipline.

Eligible means that a skier must race in at least 2 out of the 3 races in that discipline.

Qualified means that in at least one race from that discipline the racer must finish in the top 1/4 of the starting field (cumulative times from both runs if there are two). A skier may qualify in one or both disciplines. If the skier qualified in only one discipline, then the skier can only compete in that discipline at the state ski meet.

Bye to State skiers: Each school is guaranteed a minimum of three skiers in each discipline. If the student-athlete does not meet the above qualifying requirement. All skiers given a “bye to state” will be seeded after skiers who have met the qualifying requirements. All “bye to state” skiers must be eligible.

QUALIFYING REQUIREMENTS NORDIC

To qualify for state championships for Nordic in a specific discipline (Classic or Freestyle), a skier needs to be eligible and qualified in that specific discipline.

Eligible means that a skier must race in and finish at least 2 races in that discipline. These races may be an individual race or a relay in which the skier competes in that discipline.

Qualified means that in at least one state qualifier race from that discipline the racer must finish in the top 45% of the finishing field. Before the season begins, coaches will agree on which races count as state qualifiers and which do not. A skier may qualify in one or both disciplines. If the skier qualified in only one discipline, then the skier can only compete in that discipline at the state ski meet.

Bye to State skiers: Each school is guaranteed a minimum of three skiers in each discipline. If a team does not have three student-athletes who meet the above qualifying requirement, the school may enter as many eligible skiers as necessary to get to three competitors in a discipline. All skiers given a “bye to state” will be seeded after skiers who have met the qualifying requirements. All “bye to state” skiers must be eligible.

VII. INFORMATIONAL ITEMS:

- A. The State Ski Championships will have a Championship Committee made up of the nordic and alpine race directors, the host school’s athletic director, and the CHSAA representative, who will have authority over the championships with regards to scheduling and venue changes.
- B. Alpine coaches that submit late or incorrect race entries during the regular season and post season will be responsible for a fine (1st - \$20, 2nd – \$40, 3rd - \$60). This fine must be paid prior to participating at the State Championships.
- C. CHSAA allows the use of single pole GS gates as this aligns with USSA and FIS rules.
- D. In Alpine, DQ’s will be listed after both genders have completed their 1st run of the day. Once posted, coaches will have 15 minutes to protest.
- E. Helmets designed and manufactured for the particular discipline of ski racing being contested are required for all competitors and forerunners in all events and official training. Telemark skiers who are racing must comply with the hard sided helmet rule.
- F. Bibs are the responsibility of the participant. If an individual shows up to a race without their bib, they will not be able to participate. If the bib is completely lost, it’s up to the school to obtain a permanent replacement for this individual.
- G. If you do not start in the first run (DNS), you do not get a second run. During regular season only, if you were a DQ or DNF, you will be allowed a second run. If you were ejected based on unsportsmanlike behavior during the first run, you will not be allowed a second run, and based on CHSAA Ejection Policies, you will not be allowed to ski at the next race.

- H. Alpine races must be set to regulation specifications and courses set separately for each gender for regular season and state championships.
- I. The CHSAA Fall League Meeting will be the first Friday in October at Summit High School. This will be used to finalize the regular season schedule and obtain the mandatory rules review.

VII. ALPINE EXCEPTIONS TO USSA RULES

Alpine will use USSA Rules exclusively except for the exceptions listed below.

- A. Race bibs shall be issued by the school and shall be the proper color and number sequence. Each racer must have an assigned number and no duplication of numbers will be allowed (i.e. a girl cannot have the same number of a boy).
- B. Ski Length – CHSAA does not have a rule about ski length, radius or style (i.e. twin tips, or telemark skis).
- C. CHSAA athletes shall be held to a higher standard for disqualification on swearing, tobacco use, inappropriate behavior, drugs, alcohol, etc. The venue where these standards apply shall include (but not limited to) the race arena, lifts, lodges, and parking lots.
- D. Hiking is only allowed in Slalom events (regular season & state). You can replace a ski and hike to the missed gate as long as the racer is not passed by another skier, or interferes with another racer. Hiking is never allowed for Giant Slalom due to safety concerns.

COMMITTEE MEMBERS:

Luke DeWolfe, Steamboat, Chair, Ryan Knorr, Durango; Gentry Nixon, Battle Mountain; Travis Avery, Summit; Carey Christiansen, Poudre; Paul Steiner, Eagle Valley; Advisory Members: Bob Feroldi, Platte Canyon (Alpine); Karl Remsen, Lake County (Nordic).

Report No.

I. MAJOR CHANGES FROM LAST YEAR'S REPORT:

- A. Mercy Rule will no longer include removing players from the field when a certain goal differential is achieved. Currently the clock runs when a 7-goal differential is achieved, a player is removed from the field when an 8-goal differential is achieved, and a second player is removed when a 9-goal differential is achieved. If a 10-goal differential is achieved and one half of play is complete, the game will end at that time. Beginning in Fall 2022, the clock will run when a 7-goal differential is achieved, and if a 10-goal differential is achieved and one half of play is complete, the game will end at that time. Players will no longer be removed from the field on the 8 and 9 goal differentials.
- B. Game Minimum added to all classifications. Currently only 2A has a game minimum of 12 games (10 against NFHS Opponents) to be eligible for the postseason. A reasonable attempt to play all games must be made. Beginning in Fall 2022, all schools in the 2A-5A classifications will have a game minimum of 12 games (10 against NFHS Opponents) to be eligible for the postseason. A reasonable attempt to play all games must be made.
- C. Beginning Fall 2022 the addition of two non-rostered personnel added to the Gatelist for a total of 25 players in uniform and 7 essential personnel (coach, manager, trainer, videographer, etc.). Currently teams are allowed 25 players in uniform and 5 essential personnel (coach, manager, trainer, videographer, etc.).
- D. Beginning Fall 2022, the number of automatic qualifiers into the postseason adjusted to one (1) automatic qualifier for leagues with 3 or more teams within their classification (2A-5A). Currently, leagues with 3-6 teams have one (1) automatic qualifier advancing to the State Tournament bracket (3A-5A); leagues with 7 or more teams have two (2) automatic qualifiers advancing to the State Tournament bracket (3A-5A). No league (2A-5A) will have more than one (1) automatic qualifier into the postseason beginning Fall 2022.
- E. Beginning Fall 2022, seeding of the State Tournament Bracket will mirror the capture process in each classification (2A-5A) using the CHSAA Selection & Seeding Index. The CHSAA Board of Directors has implemented a 50/50 split between MaxPreps and RPI Rankings to capture all State Tournament Brackets. This same formula will be used to seed the bracket for consistency.

II. RATIONALE:

- A. Committee felt strongly that removing players from the field changed the flow of the game for both teams, did not allow the team ahead to make substitutions allowing athletes that may not normally play in a varsity situation to play, and added to a potentially embarrassing situation for

the team behind. Coaches Association will work on professional development with their coaches for mercy rule game situations to ensure that teams are not running the score up and are using the situation as an opportunity to play more student athletes.

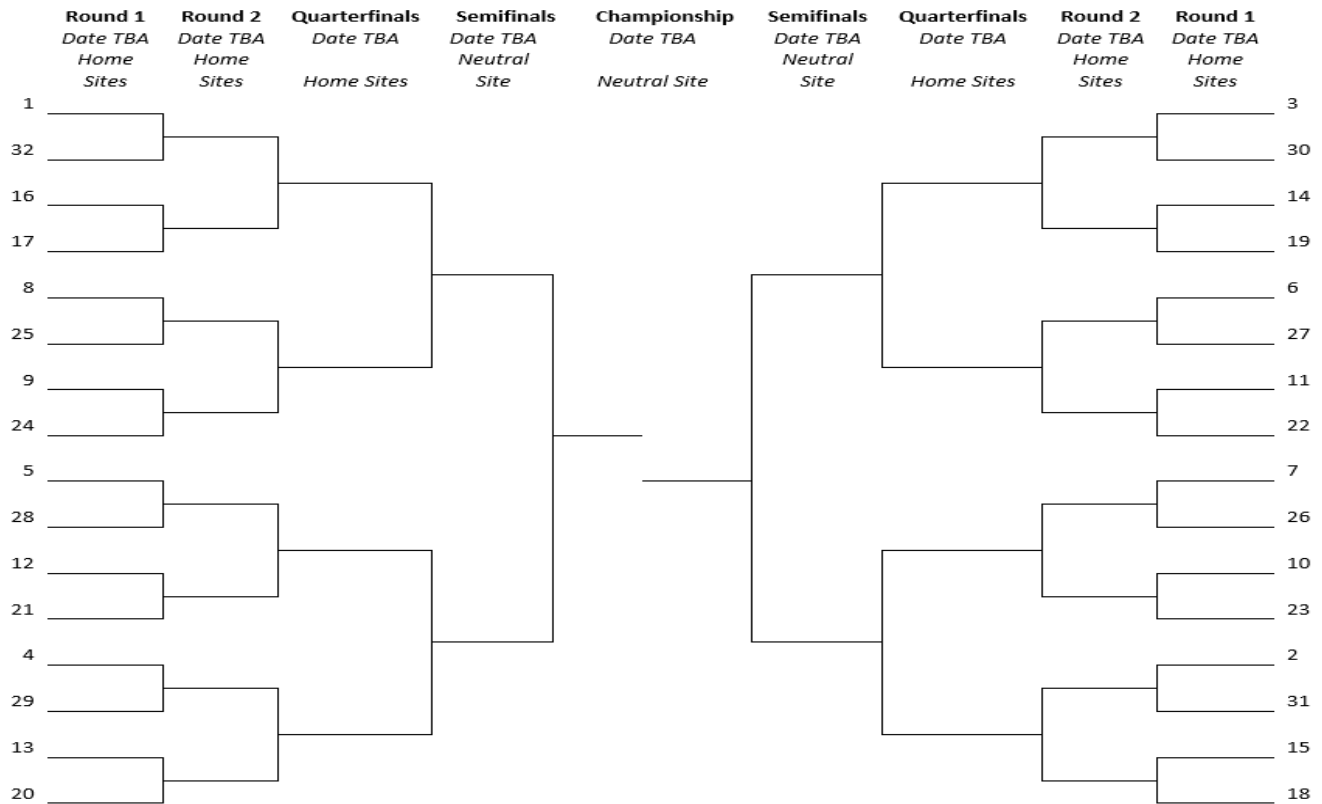

- B. Committee felt the potential existed for schools to strategically play fewer games to manipulate the CHSAA Selection & Seeding Index, whether through their original schedule or by not rescheduling postponed games. Having the minimum set at 12 gives some flexibility to schools while still allowing for enough games to get an accurate MaxPreps/RPI ranking. CHSAA Assistant Commissioner will have the ability to waive the game minimum in circumstances where a reasonable attempt was made to play 12 games.
- C. Will give added flexibility to schools to get an essential member of their program into the game on the Gatelist.
- D. Having a bracket that includes representation from across the state is important. Allowing every League Champion to have an automatic qualifier accomplishes this. One auto qualifier from each league more aligns with all other CHSAA sports for added consistency.
- E. Avoids confusion for schools that see one ranking throughout the season and then a completely different ranking when the bracket is released. If the Board of Directors and the committee they put together believes that the CHSAA Selection & Seeding Index most accurately ranks the top teams in Colorado, it would only make sense to use it to seed the bracket as well.

III. **FINANCIAL IMPACT:**

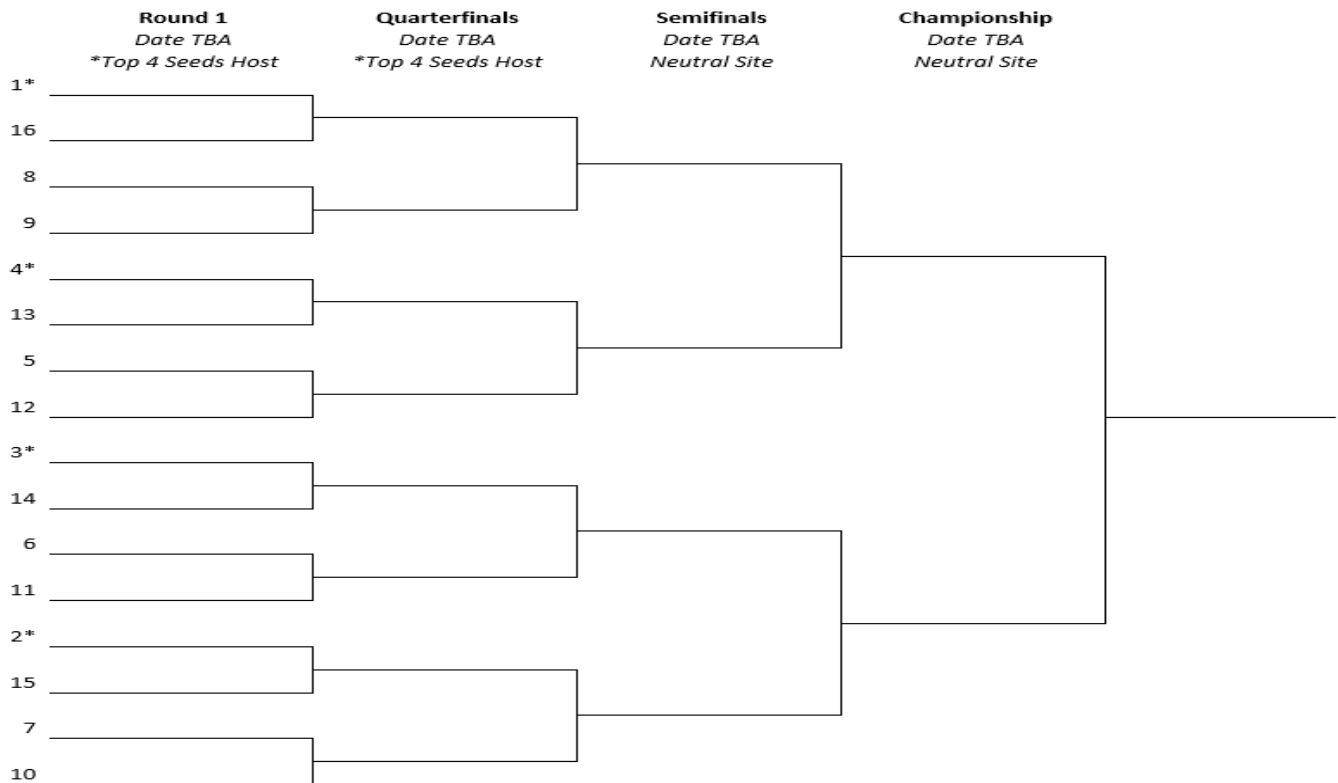

- A. None
- B. For most schools that currently play at least 12 games there will be none. If you were a school in the past that played fewer than 12 games, there will be additional cost around playing more games.
- C. None
- D. None
- E. None

IV. STATE TOURNAMENT:

3A-5A Bracket

2A Bracket

Home Sites

In all classifications the higher seeded team will be the home team throughout the playoff bracket, and in 3A-5A will host the 1st, 2nd, and Quarterfinal Round matches. In the 2A classification, the top 4 seeded teams will host 1st and Quarterfinal Round matches on Friday/Saturday opening weekend. The higher seed in all classifications will be designated as the home team in semifinal and final matches.

It is required by the CHSAA that 3A-5A Quarterfinal post-season host sites follow all CHSAA playoff requirements including, but not limited to charging admission and all other amenities of a championship game, including bleacher seating, lighted venue and a secure playing field for players, coaches and officials.

The host school is responsible for MATCH OFFICIALS in all 1st Round matches (exception is 2A, where CHSAA will assign officials for the entire tournament). The CHSAA is responsible for the assignment of MATCH OFFICIALS in the 2nd Round of the state tournament to the finals in 3A-5A. All boys & girls post-season matches are to be played as per the specific bracket dates in each classification. Host schools are responsible for the payment of officials through the quarterfinals matches in each classification.

It is the responsibility of each league representative to correctly list the Automatic Qualifier from their respective league in applicable classifications and verify that they appear on the tournament bracket.

Schools hosting contests which are on the state championship bracket may pay a fee to the CHSAA in lieu of charging admission (except for 2A 1st/QF Round and 3A-5A Quarterfinals). This fee will be set by the CHSAA and will be based on an average of the 20% of the gross sent to the CHSAA in previous playoffs. **When paying this fee, hosting schools are still responsible for any travel guarantee due to the opponent, officials' payments and other costs associated with hosting these contests. Pre-approval from CHSAA is required for implementation.**

Post Season Dates – Times

CHSAA will establish match dates. It is the desire of the CHSAA that schools **mutually establish** match times that best accommodate the interests of each school and community. Schools must consider the conditions in which the match will be played and make the best decision to accommodate the schools involved. **NOTE:** All **mutually established** match times are subject to final approval by the CHSAA office as needed. When mutual agreement for the match time cannot be reached, the following statements will apply:

- a. When post-season matches are to be played on a Saturday, 1:00 or 3:00 p.m. is the preferred scheduled times.
- b. When post-season matches are to be played on a weekday, 3:00 p.m. (Boys) / 4:00 p.m. (Girls) is the preferred time for non-lighted fields. The preferred time is 6:00 p.m. for lighted fields.

- c. The Commissioner shall have the sole province to designate match times and sites, including when a school district is hosting more than one match. Conflicts, which could have a venue, academic or financial impact on the match, will be considered.
- d. All schools, both home and visitor, will be provided the opportunity to supply input in the match time scheduling process.
- e. The CHSAA post-season calendar will be adhered to when match conditions permit. When available, host schools shall attempt locate an artificial turf site that will be as an alternative to stay on schedule.

V. QUALIFYING FORMAT AND ASSIGNMENT BY CLASS:

The seeding committee will be made up of one (1) administrator from each league in each classification. The administrator shall be selected by the league president and nominated to the CHSAA office for approval.

Each league/region is responsible for creating a plan to determine the league's/region's automatic qualifier(s). The plan for each league/region is due to CHSAA at the start of the season.

In addition to league automatic qualifier, the CHSAA Selection & Seeding Index (50/50 Split MaxPreps & RPI Rankings) will be utilized to capture at-large qualifiers to the State Tournament bracket. League automatic qualifiers not ranked in the top 32 teams by the CHSAA Selection & Seeding Index in 3A-5A and the top 16 in 2A, will replace the lowest ranked non-automatic qualifiers in the top 32 (3A-5A) and top 16 (2A) in , the CHSAA Selection & Seeding Index. The CHSAA Selection & Seeding Index will seed teams 1-32 in 3A-5A and 1-16 in 2A. There will be no movement 1-16 for 3A-5A and 1-4 for 2A on the bracket based on the CHSAA Selection & Seeding Index. The placement of 3A-5A teams listed 17-32 and 2A teams listed 5-16 may be moved on the bracket due to geography and first round league opponents. The Seeding Committee will avoid league matchups in the 1st Round ONLY.

2A Playoff Qualifying Procedures – Each league will receive automatic qualifiers based on the number of teams listed in the league within their classification (i.e. multi-class leagues). Leagues with three (3) or more teams will have one (1) automatic qualifier advancing to the State Tournament bracket. Each league must start and finish the season with at least three (3) playoff eligible teams within their classification to have an automatic qualifier. League automatic qualifiers not ranked in the top 16 will replace the lowest ranked non-automatic qualifiers in the top 16 in CHSAA Selection & Seeding Index. The CHSAA Selection & Seeding Index will seed teams 1-16. There will be no movement for teams seeded 1-4 on the bracket. The placement of teams listed 5-16 may be moved on the bracket due to geography and first round league opponents. The Seeding Committee will avoid league matchups in the 1st Round ONLY.

3A-5A Playoff Qualifying Procedures – Each league will receive automatic qualifiers based on the number of teams listed in the league within their classification (i.e. multi-class leagues). Leagues with three (3) or more teams will have one (1) automatic qualifier advancing to the State Tournament bracket. Each league must start and finish the season with at least three (3) playoff

eligible teams within their classification to have an automatic qualifier. League automatic qualifiers not ranked in the top 32 will replace the lowest ranked non-automatic qualifiers in the top 32 in CHSAA Selection & Seeding Index. The CHSAA Selection & Seeding Index will seed teams 1-32. There will be no movement for teams seeded 1-16 on the bracket. The placement of teams listed 17-32 may be moved on the bracket due to geography and first round league opponents. The Seeding Committee will avoid league matchups in the 1st Round ONLY.

Multi-Class Leagues/Regions – Teams that are playing in multi-class leagues (2A-5A) will have the opportunity to qualify for the State Tournament bracket through the final CHSAA Selection & Seeding Index if there are not at least 3 teams from that league represented in the classification.

What happens if two teams are tied in the final CHSAA Selection & Seeding Index standings?

We have created a tiebreaker for this unlikely scenario. It is as follows:

1. Head-to-Head result between the two teams
2. Highest ranked team in the MaxPreps Rankings
3. Highest ranked team in the RPI Rankings
4. Coin flip

Postseason Eligibility

Schools in the 2A-5A classifications will have a game minimum of 12 games (10 against NFHS Opponents) to be eligible for the postseason. A reasonable attempt to play all games must be made.

VI. SOCCER POLICIES:

Mercy rule

- A. During the pre-game meeting with the referees and the head coaches from both teams, the following material will be defined regarding the mandatory Mercy Rule.
 1. The head referee will facilitate the meeting of the coaches and will inform both teams that the game will be played under the mandatory Mercy Rule.
- B. Once a 7-goal differential between two teams is achieved, the referee will inform both coaches that the Mercy Rule had been invoked and the referee and/or timekeeper will let the official clock run during penalty kicks, after goals, and during referee disciplinary actions.
- C. Game termination – once a 10-goal differential is reached, and the first half of play has been completed; the referee will end the game during regular and post-season play.

Tied Games – Overtime Procedures for Regular Season

If the match is tied at the end of the regulation time, (2) 10-minute sudden victory (Golden Goal) overtime periods will be played. Shootouts or penalty kicks may not be used to determine winners in regular season games. If the tie is not broken after the (2) 10-minute sudden victory (Golden Goal) overtime periods, the game will be recorded as a tie. Contests that are part of a CHSAA sanctioned tournament may use a shootout to advance a team in the bracket. The official game result, as it relates to record/standings, will still be entered as a tie in MaxPreps.

Suspended Games – During the regular season, if one half of play has been completed, the contest will be declared official. If one half of play has not been completed, it will be restarted from the point of interruption.

NO Overtime for JV/Sub-Varsity: If tied at the end of regulation, the game will end in a tie.

Maximum Student Participation - A student may not participate in more than 36 halves (across all levels) exclusive of regional and state tournaments. Example: A player who played 18 JV halves and 20 Varsity halves would've violated this rule.

Maximum Team Contests - No member school shall permit its soccer team to participate in more than 15 regular season soccer games. Further, no member school shall permit its soccer team as a representative of the school to play after the state championship tournament has been played.

If some member schools elect to play junior varsity schedules ONLY, they will not be included in the CHSAA state post season tournaments.

VII. INFORMATIONAL ITEMS:

- A. Officials Report – Jason Hampton (HSSO). Just under 300 registered officials for the beginning of the 2021-2022 school year. HSSO had 30 newly registered officials and of the 30 new officials, most had high level of college/club experience. Majority of HS games throughout all classifications were covered by enough officials. Officials liked the new game report form.
- B. A better distribution of games throughout the week is something that is requested from Jason Hampton and HSSO officials. There was talk among committee members about if it was possible to schedule games by conferences and what days they play during the week.
- C. Coaches Association Report – Sean Stedeford (CHSCA President from Colorado Academy) discussed the new All-State process. Overall, a success with over 300 nominations received. Membership is over 160. CHSCA Soccer coaches were not in favor of removing the Coach Poll as part of the Seeding Process. CHSCA would like to see further discussion on yellow card accumulation and concerns over season length for girls in the spring.

Chair: Stevell Longwell

CR 25
Report No.

I. MAJOR CHANGES FROM LAST YEAR'S REPORT:

- A. Minimum games for postseason eligibility (17 for 3A, 19 for 4A/5A)
- B. 4A/5A Single field two-day format option for hosting regional
- C. MaxPreps and RPI will be used for seeding.
- D. State warm-up area adjusted and team speakers/music adjusted to after previous game concludes and in/out.

II. RATIONALE:

- A. Minimum games allows for consistency in data points for seeding.
- B. Allows for home/district facilities to be used and avoid costs of facility rentals.
- C. Elimination of Coaches Poll for seeding.
- D. Keeping the "batter's eye" area behind center field clear, this provides for ease of warm-ups in the right and left field areas behind the temporary fencing and eliminates potential safety issues with warm-ups in areas with close proximity to spectators.

III. FINANCIAL IMPACT:

- A. None.
- B. Financial savings if allowed to host at school site instead of facility rentals.
- C. None.
- D. None.

IV. INFORMATIONAL ITEMS:

- A. Move away from Final Four plaques to Regional Champion plaques

Regional Qualification: Thirty-two (32) teams advance to the regional bracket through league play and RPI/MaxPreps. All league champions are automatic qualifiers. In order to qualify as a league, the league must have a minimum of five teams.

Schools in a multiple-class league may earn an automatic qualifier for their classification only if they win the league outright. This will mean that if a 3A or 5A school wins the multi-class league title, any 4A school in that league can only qualify for the 4A regionals through RPI/MaxPreps.

The top 32 teams in the classification based on the final RPI/MaxPreps rankings will qualify for the post-season bracket. Each conference champion will automatically be placed on the playoff bracket. Conference champions are determined by the conference Bylaws or policies. If a conference champion is not ranked in the top 32 based on the final RPI/MaxPreps ranking, they will replace the lowest-ranked team that is not a conference champion in the top 32.

Regional Seeding: The regionals will be seeded by a committee of administrators appointed by the CHSAA assistant commissioner responsible for softball and will utilize the following process:

All qualifying teams will be ranked using RPI and MaxPreps, with each holding equal value. The eight teams that rank highest by seeding criteria will host the regional tournaments. The remaining teams will be placed on the bracket, using the same system as above, avoiding first round league match-up. The committee may elect to move the bottom eight teams for geographical purposes.

3A State Qualification: The regional teams shall play a single elimination regional tournament to determine the state qualifiers.

I. MAJOR CHANGES

- Dance performance boundary specifications (50x50) will be changed to 52x54, and the accompanying out-of-bounds penalties will be eliminated beginning with the 2022 season

II. RATIONALE

- The adjustment of these performance boundaries will bring the CHSAA dance division into alignment with other local and national dance competitions. This change will also facilitate a safer performance environment by making the performance boundaries consistent across competitions.

III. FINANCIAL IMPACT

- No financial impact

SWIMMING AND DIVING

Scott Cohen, Smoky Hill High School

Chair

CR 27

Report No.

I. MAJOR CHANGES FROM LAST YEAR'S REPORT:

- A. Beginning Winter 22-23, the Girls State Meet schedule will start on the Wednesday after Leagues and conclude on Saturday with two sessions of diving and one session of swimming prelims on Wednesday and one morning session and one afternoon session Thursday-Saturday. This will eliminate the need for a second week of State Swim and Dive and reduce the total number of days from five to four.

II. RATIONALE:

- A. Each year one classification of Swim and Dive had to wait a week and a half after Leagues for their State Meet. Adjusting the schedule allows for fewer total days of the event and the ability to complete it all in one week.

III. FINANCIAL IMPACT:

- A. None for member schools and reduced cost for the Association with one fewer day required during the event.

IV. DATES & SITES:

- A. Girls' State – February 8-11, 2023 at VMAC (4A/5A Diving Wed., 4A Swim Prelims Wed., 5A Swim Prelims Thur., 4A Swim Finals Thur., 3A Swim Prelims Fri., 5A Swim Finals Fri., 3A Diving Sat., 3A Swim Finals Sat.)
- B. Boys' State – Thursday, Friday and Saturday May 11-13, 2023 at VMAC (5A Th/Fri and 4A Fri/Sat)

V. QUALIFYING FORMAT:

- A. All state entries must be submitted online at www.MaxPreps.com. All state qualifiers must be listed including your alternates for relays (up to 8).
- B. Only individuals who meet minimum standards during the regular season will be permitted to participate.
- C. No qualifying times or standards will be accepted from competition held after a school's participation in its league championship meet.
- D. No qualifying times or standards will be accepted from competition held outside of Colorado.
- E. Splits from relays may not be used as qualifying times.
EXCEPTION: The lead off swimmer in the 400 and 200 freestyle relays may qualify in the 100 freestyle and 50 freestyle respectively provided automatic timing is used or two hand-held watches verify the performance. If automatic timing is used in the meet and is operative and valid in the race, hand-held times may not be substituted.
- F. Once entries are submitted online, an individual psych/entry list will be sent to Head Coaches, who will have 24 hours to review and make changes.

G. ENTER ONLY SWIMMERS WHO WILL BE COMPETING IN THAT EVENT

Note: Coaches - It is ultimately your responsibility to check and verify that a diver's state score and DD are listed and marked on your meet sheets.

In order to qualify under the 6-dive standard, the diver must meet the qualifying standard two times during the season.

In order to qualify under the 11-dive standard, the diver must meet the qualifying standard only once during the season.

Note: The diving DD (Degree of Difficulty) refers only to the OPTIONAL dives. (The sum of the 5 optional dives in a 6-dive meet or the sum of the 6 optional dives in an 11-dive meet.)

Note: The field will be cut to 24 divers after 5 rounds and to 20 divers after 8 rounds.

Note: All divers competing in the state meet must have a dive list that satisfies the optional dives DD standard based on their classification on their diving score sheet at the state meet.

- H. Entry Limits – Individual Swimming Events: A school may enter as many competitors per individual event as have qualified. However, a school may not advance more than four swimmers to the finals or consolation finals. If more than four swimmers from one school qualify for the finals or consolation finals, only the top four swimmers from that school may advance. In addition, if a school has four (4) swimmers advancing in an event, that school may NOT have any alternates designated for that event. If a school has three (3) swimmers advance in an event, that school may not have more than one alternate designated.
- I. Entry Limits – Relays: A school may enter no more than one relay team per relay event. Schools qualify a relay team, not the four individuals (i.e., the four swimmers who established the qualifying time need not be the swimmers who compete). Relay entries must list a minimum of four names and a maximum of eight names. Only those listed are eligible to swim in the state meet. A swimmer is considered entered in a relay only if she competes in the event at the state meet.
- J. Entry Limits – Diving: A school may enter as many divers in the diving event as have qualified. However, a school may not advance more than four divers beyond the first cut. If more than four divers from one school qualify beyond a cut, only the top four divers from that school may advance. In addition, if a school has four (4) divers advancing, that school may NOT have any alternates designated. If a school has three (3) divers advance, that school may not have more than one alternate designated.
- K. A competitor must have competed in a minimum of six meets during the current swim season for their school, INCLUDING THE LEAGUE/CONFERENCE VARSITY/A MEET, in order to compete at the state meet. Swimmers who meet this requirement do not necessarily have to swim in the League/Conference “Varsity/A” meet.
- L. A waiver form may be completed to allow student athletes the opportunity to participate in the State Meet when they have not met the minimum 6-Meet requirement.

VI. NOTES:

- A. State Championships are a top 20 finals.
20 places will be scored at the State Meet.
Individual: 24-21-20-19-18-17-16-15-14-13-11-9-8-7-6-5-4-3-2-1
Relays: 48-42-40-38-36-34-32-30-28-26-22-18-16-14-12-10-8-6-4-2
- B. Swimmers who have restricted eligibility due to transferring cannot swim Exhibition heats while restricted.
- C. Cooperative Programs (CO-OPS)
A co-op may be formed if two or more schools apply to CHSAA for a co-op and are approved. For results management, co-ops must use the “host school” team code in order to upload to Max Preps.

CHSAA LEGISLATIVE COUNCIL COMMITTEE REPORT
December 6, 2021

TENNIS

Kris Roberts, Cheyenne Mountain High School
Chair

CR 28

I. MAJOR CHANGES FROM LAST YEAR'S REPORT:

- A. Created a dual team championships format – separate from the individual state championship.
- B. Reviewed and revised the regional team placements for all classifications.

II. RATIONALE:

- A. To celebrate a true team champion – much like the college format.
- B. Annual review

III. FINANCIAL IMPACT:

- A. Potential for additional travel costs for schools traveling to compete during the team championship.
- B. Minimal – tried to keep geography at the forefront of our alignment decisions.

IV. NOTES:

- A. UTR (Universal Tennis Ratings) will be utilized as a seeding criteria starting the 2022-2023 school year. Schools are strongly encouraged to ensure that their team and players have activated a free UTR account.**
- B. CHSAA Sportsmanship Expectations must be read prior to each dual match and at the start of all tournament.
- C. A player must play at their position a minimum of 6 times prior to playing in Regionals or the Dual State Championships.
- D. If a player cannot play for 3 consecutive matches, the line-up must be shifted up on the 4th match.
- E. Regional host schools are strongly recommended to identify a Regional Tournament Director that is well versed and experienced in CHSAA regional tennis rules in order to provide a well-run tournament. Fees may be charged to schools during Regionals for officials', courts, and director costs (if applicable).
- F. A coach may coach a player any time during the match so long as the coach is off the court, and the coaching does not interfere with play. Coaches cannot interfere with play during the point. The purpose of coaching is to offer advice to the player and coaches shall not in any way distract or annoy the opposing player or surrounding players/teams. If a coach in any way interferes with play or distracts an opposing player at any time, the coach shall receive a direct warning from the Referee or Official and the point shall be replayed (when USTA officials are not around, the opposing coach or tournament director may request a replay). For any subsequent violation, the coach's player, on the court where the violation occurred, shall be assessed a point penalty (by the offended coach or the tournament director). Penalties for coaching are not treated as part of the USTA Point Penalty System,

and they do not accumulate. Coaching is only permitted by the head coach and any registered and or contracted coaches through their respective school. No parents may coach at any time during the match unless they are coaches under contract with their school. Coaching is only permitted outside the fence perimeter. On an empty adjacent court, coaches may stand at the doubles sideline on the same side as their own player.

- G. Regional Scheduling Format mandates that 1st round playbacks be completed the first day, and outlines the schedule for matches to be played on the finals day.
- H. The CHSAA Lineup Evaluation Committee Protocol:
 - a. A formal complaint about the same high school team must be made by two separate athletic directors to the CHSAA office.
 - b. The CHSAA will then send a letter to the school in question alerting them to this complaint, and the CHSAA will request documentation from challenge matches.
 - c. A committee of three members (from the CHSAA Tennis Committee) will go out within a short timeframe to evaluate the player(s) in question during a match.
 - d. If the committee feels that blatant stacking is happening, the school must correct their lineup for the next match and the rest of the season, or the head coach will go on Restriction with the CHSAA and that position cannot participate in regionals or qualify for state.
- I. Girls' regional tennis hosts should avoid scheduling on highly participated IB testing days, when possible.
- J. In order to maintain a fair and consistent tryout process, schools may only begin formal challenge matches for team line-ups beginning on the first formal practice dates. Players may be encouraged to practice in the off season, but any individual match results may only be used as a guide. Per the ethics rule, official challenge matches must still occur and be formally documented during the tryout process.
- K. Unacceptable formats for challenge matches include: tiebreakers, groundstroke games, and flipping a coin. Coaches must create a fair and equitable tryout process for all participants.
- L. 5A - When scheduling matches, the committee highly recommends not waiting until the last day of league play due to potential weather rescheduling. Please build a buffer into your schedule.
- M. **NEW: Regional Tournaments may not start earlier than Thursday during Regional tournament week, due to the team championship semis being played the Tuesday of this same week.**

II. INFORMATIONAL ITEMS

- A. The Tennis Committee will meet Friday, September 24 (boys) and Friday, April 21 (girls) to create the team bracket. They will also meet the Monday before the individual state tournament to bracket each of the seven positions. No outside coaches are allowed to attend.

The individual bracket creation process is as follows:

1. All 16 individuals/teams will be considered for placement on the draw.
2. The top four individuals/teams will be placed.
3. The remaining regional winners (#1's) will be randomly drawn for places on the draw.
4. The committee shall consider the following factors (in no particular order of importance): strength of league, overall record, strength of competition, head-to-head competition, UTR, and common opponents.
5. The regional finishers (#2's) will then be randomly drawn for matches against a regional winner.
6. All regional winners will be paired against a regional finisher.
7. No two teams or individuals from the same region will play each other during the first round of the state championship.

The team dual team championship bracket creation process:

1. Teams will be true seeded on the bracket (1-16)
2. The committee shall consider the following factors (in no particular order of importance): strength of league, overall record, strength of competition, head-to-head competition, UTR, and common opponents.

- B. The 2023-2024 3A-5A girls regional pairings will be released following the completion of the 2022 girls state championships.

CHSAA LEGISLATIVE COUNCIL COMMITTEE REPORT

November 16, 2021

VOLLEYBALL

Matt Heckel, Dakota Ridge

CR 31

I. MAJOR CHANGES FROM LAST YEAR'S REPORT:

- A. League must have a minimum of five (5) teams in order to earn an automatic berth to Regionals.
- B. Align the seeding criteria for regionals with the new CHSAA Board Policy: 50% CHSAA RPI and 50% MaxPreps Rankings (*aka CHSAA Selection & Seeding Index*).
- C. Altered the boys' volleyball bracket from an 8-team Olympic Crossover to an 8-team Double Elimination with the final game as the championship game (no "if needed match").
- D. Increased the number of qualifiers for regionals in boys only - from 16 to 24.

II. RATIONALE FOR MAJOR CHANGES:

- A. To allow for equity in automatic league berths.
- B. To align with the CHSAA Board Policy and alleviate confusion between selection and seeding criteria.
- C. The 8-team Olympic Bracket is confusing and not a realistic format.
- D. With the growth of the sport, additional qualifiers are needed.

III. FINANCIAL IMPACT:

- A. None
- B. None

V. QUALIFYING FORMAT:

REGIONAL TIE BREAKER METHOD (for CHSAA Playoff Competition)

******In the case of a tie, the Tournament Director must call the CHSAA Volleyball Administrator *BEFORE the tie breaker in order to verify*. All involved teams must sign off verifying they are in agreement that the tie was broken accurately using the following method.

Match record determines the seed for advancement (i.e. match record 3-0, 2-1, 1-2).

1. Always use head-to-head whenever two teams are tied.
2. **REGIONALS:** If there is a three-way tie for only one qualifying spot, determine set percentage among TIED teams (eliminate non-tied teams). The two lowest set percentage teams will play one set to 25 points (no cap). The winner will then immediately play the highest set percentage team to determine the top seed/qualifying spot in question. If two teams are tied with the highest set percentage, use head-to-head to break the tie. THERE MUST BE TWO, ONE-SET PLAYOFFS.
 - a. If tie isn't broken, then same procedure will be followed taking point differential among TIED teams (eliminate non-tied teams).
 - b. If the tie isn't broken, then the same procedure will be followed taking the set percentage among ALL teams.
 - c. If tie isn't broken, then a **coin flip** will occur. All three teams will flip at the same time. You must flip until one team flips differently than the other two (i.e. 2 heads and 1 tails). The "odd" team out (tails in this case) will be set aside and the other two will play the first set to 25. The loser will be #3; the winner will then play the "odd" team out one set to 25 to determine #1 and #2.

(1A-5A GIRLS REGIONALS) THREE-WAY TIE FOR STATE QUALIFIER SPOT

				W	L	Won	Set Percentage	Point Diff (if needed)	RESULT
	TEAM 1	TEAM 2	TEAM 3	Matches		Sets (Total sets won / total sets played)		Team points scored minus total points against	
TEAM 1		25-13 25-20 25-21	14-25 26-24 17-25 20-15	1	1	4	4/7 = 57%	NA	Set aside
TEAM 2	13-25 20-25 17-25		25-21 25-19 25-23	1	1	2	3/6 = 50%	NA	Play Team 2 1 set 25
TEAM 3	25-14 24-26 25-17 25-21	18-25 22-25 9-25		1	1	2	3/7 = 43%	NA	Play Team 1 1 set 25

Three-way tie for one state qualifier requires two, one-set playoffs to 25 points
Team 1 (highest set percentage) – Set Aside

Team 2 & Team 3 must play one-set playoffs to 25 points; Team who wins will then play Team 1 (one-set playoff to 25 points) for the state berth

FOR USE BY SITE DIRECTORS ONLY

In the case of a 3-way tie for 1st place in regional tournaments, the site director is required to call CHSAA before the tie breaker begins in order to verify accuracy for final standings. Tournament standing will be final after 1 pm on the Monday following the tournament. For regionals, there will be a 15-minute break and then the 15-minute warm-up will begin.

BOYS & GIRLS REGIONALS (ALL CLASSES)

1. A. All Girls' Regionals have three teams – a total of three matches will be played. All regional winners will automatically earn a berth to the state championship.
B. All Boys' Regionals have 2 teams – a total of one match will be played. All regional winners will automatically earn a berth to the state championship.
2. The highest seed in each regional will host.
3. The order of regional play (girls only) will be as follows: 1 v. 3; 2 v. 3; 1 v. 2.
4. Matches will be 3 out of 5 sets to 25 points, with deciding set to 15 points using rally scoring (no cap) used for regional play. (Girls Only) Matches that do not impact the State Qualifier (1st) will be the best 2 out of 3 sets (3rd set to 25 – no cap). **This will only happen if Team 3 beats Team 1 and Team 2 in the first two matches.*
5. There must be a minimum of 30 minutes scheduled in-between matches in order to accommodate for adequate rest (15 minutes) for the team that is playing back to back (Girls Only).
6. The 15-minute warm-up is required. It is the responsibility of the home site's management to oversee warm-up time.
 - 5 minutes – Both teams on their side of the court.
 - 5 minutes – Visiting team both sides of the court (including serving).
 - 5 minutes – Home team both sides of the court.
7. (Girls Only) The tie-breaker procedure must be utilized. The hot line number must be used whenever there is a tie to verify tie-breaker accuracy for final standings. **Ties during regional play will be limited to 3-teams tied for 1st. There must be two, one-set playoffs to 25 (no cap).*
8. AWARDS – One state qualifier plaque will be awarded to the regional winner advancing to state.
9. OFFICIALS – Officials will be selected by the regional directors/tournament committee. Line judge fees would be part of the tournament expenses.

1A-5A Girls & Boys Regionals

With three teams in each regional, only one court is necessary. Those schools hosting regionals should have adequate seating capacity. Standards without cables attached to floor should be used for safety reasons.

1. **(GIRLS ONLY – Boys, skip to number 2 below)** All league champions (as long as there is a minimum of 5 teams in a league) will automatically earn a berth to regionals
2. **Girls:** The remaining teams (up to 24: 1A and up to 36: 2A-5A) will be selected straight off of the *CHSAA Selection & Seeding Index (50% CHSAA RPI & 50% MaxPreps Rankings)* published at the end of the regular season.
Boys: All 24 teams will be selected straight off of the *CHSAA Selection & Seeding Index (50% CHSAA RPI & 50% MaxPreps Rankings)* published at the end of the regular season.
3. **(GIRLS & BOYS)** Teams will also be seeded based off the same *CHSAA Selection & Seeding Index*.
 1. Once on the bracket, teams can be moved one spot at a maximum based upon trying to alleviate league opponent matchups between the top 2 seeds in the region. Host teams will not be moved.
 2. When possible, geography will be considered for the number three seeds of each region. Teams may only be moved a maximum of four spots.
4. Teams seeded No. 1 through 8 (1A girls and boys) and No. 1 through 12 (2A-5A girls) will host regionals.
5. **(GIRLS & BOYS)** All regional winners will automatically advance to the state championships.

GIRLS & BOYS STATE TOURNAMENT TEAMS

1. **1A Girls Classification:** Eight (8) regional winners will advance to state plus four (4) Wildcard teams. Wildcard teams will be selected after the completion of the regional tournaments. Teams will be selected based off of the *CHSAA Selection & Seeding Index* published the **Monday after Regionals**. Teams must have participated in regionals in order to be considered as a “wildcard team” to the state championship. Based off of the rankings, the wildcard teams will be the next four highest ranked teams that made it to regionals but did not win. Wildcard teams will be announced with the state pairings on the Monday before state. Wildcard teams will be seeded by the *CHSAA Selection & Seeding Index* published the **Monday before Regionals**.
2. **2A-5A Girls Classifications:** Twelve (12) regional winners will advance to state.
3. **Boys Volleyball:** Eight (8) regional winners will advance to state.

STATE VOLLEYBALL TOURNAMENT FORMAT

1. Double elimination bracket until the semifinals. Single elimination through the semis and finals.
2. Based on the state seeding criteria, 12 (Girls)/ 8 (Boys) teams will be seeded into the bracket. The top 4 teams will have a first round bye (girls only). Competition will begin on Thursday.
3. All matches will be three out of five sets to 25 points (no cap) with the deciding set to 15 points (no cap).
4. Court classification will be rotated each year (girls only).
5. A first and second place trophy will be awarded.

State Seeding/Pairing Criteria

The CHSAA Selection & Seeding Index published the Monday *prior to* Regionals will be the only seeding consideration for State.

VI. INFORMATIONAL ITEMS:

- A. **All athletic directors are responsible for ensuring that their schedules are up to date and correct in MaxPreps prior to the deadline.**
- B. In the event that two teams have the same *CHSAA Selection & Seeding Index ranking* in the final standings, the following tiebreakers shall be used (in order) to determine who makes it into Regionals:
1. Head-to-head competition
 2. Who has the highest MaxPreps ranking
 3. Who has the highest CHSAA RPI ranking
 4. Coin flip
- C. It is strongly recommended that coaches be clear on the number of matches their team will play in a given tournament. This information must be included in the tournament contract and all volleyball tournaments must be sanctioned by the CHSAA office.
- D. It is strongly recommended that 2 out of 3 sets be played at all sub-varsity levels to enhance time management constraints. Further recommendations to shorten nights include:
- Scheduling 2, 3 or 4-team round robins on Saturdays when possible to lessen time for weeknight matches.
 - Monitoring warm-up time between matches.
 - Flipping coins before the first sub-varsity match for all matches that will be played that evening/day.
 - Use of multiple nets and/or gymnasiums where available.
- E. Regionals must be played Friday or Saturday. When mutual agreement cannot be reached for the Regionals Volleyball tournament, and travel distance for any team is 150 miles or greater, then the Regional tournament will be played on Saturday. A Friday Regional tournament will only be considered a reasonable option if travel distance is under 150 miles for all teams involved.
- a. **NEW: CHSAA, CVOA, and host schools will prioritize schools traveling great distances when assigning officials. Best practice to accommodate our limited**

officials is for leagues to work together to split regional dates between Friday and Saturday.

- F. It is recommended that site directors & regional tournaments build in a minimum 30-minute rest period for teams having played back-to-back matches prior to a subsequent match.
- G. Line judges will use flags at the State Tournament. Regional site directors should use flags.
- H. In the case of inclement weather, the tournament director, in conjunction with the CHSAA office may obtain permission to not play matches that appear to have no bearing on the result.
- I. The official game ball of the CHSAA is the Wilson K1 Gold – Red/White/Navy color
- J. State Association Adoption of NF Playing Rules:
 - 1. 1-2, note 2 Modification of match format is permitted for other than dual varsity matches.
 - 2. 9-1-2 Modification of benches. Teams will not change bench during play unless there is a distinct advantage/disadvantage on one side.

CHSAA LEGISLATIVE COUNCIL COMMITTEE REPORT FORM
2021-2022

WRESTLING COMMITTEE

Chair: Travis Stinar

CR 32
Report No.

I. MAJOR CHANGES FROM LAST YEAR'S REPORT:

- A. Girls Wrestling moves to four regions
- B. Move to 14 updated NFHS weight classes in boys and girls
 - a. Boys weights will now be:
 - i. 106 lbs., 113 lbs., 120 lbs., 126 lbs., 132 lbs., 138 lbs., 144 lbs., 150 lbs., 157 lbs., 165 lbs., 175 lbs., 190 lbs., 215 lbs., 285 lbs.
 - b. Girls weights will now be:
 - i. 100 lbs., 105 lbs., 110 lbs., 115 lbs., 120 lbs., 125 lbs., 130 lbs., 135 lbs., 140 lbs., 145 lbs., 155 lbs., 170 lbs., 190 lbs., 235 lbs.
- C. Adjust State Seeding Criteria
 - a. State seeding criteria for boys and girls will now be:
 - i. Returning State Points (3 year cumulative)
 - ii. Regional Champions
 - iii. Winning %
 - iv. Total Number of Wins
 - v. Head to Head
 - Head to head will be done after seeds are set 1-16 following the regional model of starting at the top, one seed movement at a time. Coaches will have to manually enter head to head information once the seeding is done as is done at regionals.
- D. Committee would like to see season competition days changed to 12 days of tournaments and 10 days of duals.

II. RATIONALE:

- A. With additional weight classes, there are enough teams/wrestlers to warrant the additional regional.
- B. NFHS mandated selection one of three weight class options by July 2023. No harm in making the selection early as allowed per NFHS. Creates equity between boys and girls wrestling with regards to number of weight classes.
- C. Provides for a truer seeding of the state bracket. The data is readily available to seed 1-16 on the bracket instead of relying solely on regional champions' returning points and/or winning percentage to build the bracket.
- D. There is an open weekend in the season currently with the 10/10 set up. If teams wish to attend two day tournaments each weekend of the season, this would allow for that to happen.

III. FINANCIAL IMPACT:

- A. More officials needed, one more facility needed to host, and potential travel costs.
- B. None other than 4 additional girls may attend tournaments.
- C. None.
- D. Potential for move travel if teams elect to attend tournaments each weekend.

IV. INFORMATIONAL ITEMS:

- A. Feasibility studies concerning financial obligations to continue to host state in the current format and at Ball Arena needs to be conducted and discussed at length.
- B. 4A and 5A regionals must have a west slope host once every other cycle.
- C. Need for more teams to purchase female singlets. Compliance with NFHS uniform regulations on the female side remains problematic.
